Tribes may mediate schools agreement

The Confederated Tribes have been working on a new long-term education agreement with the Jefferson County School District (JCS D) in Oregon. This has been an ongoing pro cess, and the most recent meeting between the districts is following an agreement that it is past due for renewal. Both parties may require the mat ter to be put on mediation. This would be through the Oregon Department of Education. Tribal Council met last week with school district team members and the tribal Education Committee. Part of the discussion was given to the possibility of reaching an agreement with the district. The current five-year agreement was supposed to expire last summer. The term current five-year agreement proposed site of the veter ans memorial was by the Tribal Council. The proposed site of the veterans memorial is on the grounds of the Museum at Spilyay Tymoo Elementary School campus, includ ing the tribal Education Committee. The committee now has the pre missions to negotiate terms of a new agreement. The committee developed a detailed proposal, but was not able to reach an agreement with the districts. The current Tribal Council that took office, and appointed new members to the Education Committee. There is still no agreement, and mediation may be the best so lution, said Diane Smith, Culture and Heritage project supervisor, and Education Committee member. The problem with the current agreement is its general severance, Ms Smith said. There are state and federal standards that apply to Indian education, and they should be addressed in the new agreement, she said.

Tribal Council next week is scheduled to meet with April Campbell, Indian Education Ad visor with the Oregon Depart ment of Education. The meeting should help determine whether mediation is necessary. Some of the issues that need to be resolved are fundament al. For instance at the meeting last week was discussion of having a charter school or high school in Warm Springs. This is not a solution to the issues now facing the district, Councilwoman Carina Miller said.

Yvonne Victoria Arthur, 1942 – 2017

Yvonne Victoria Arthur was born to grandmother Geraldine Arturo on January 30, 1942.

She passed away peacefully in February 20, 2017, at her home in Warm Springs, surrounded by her loved ones. She was 75.

Yvonne is survived by her two daughters, Jolene Yvonne Hulick and Jennifer Yvonne Arlady. Yvonne was an amazing grandma to all her little kids, and great grandma to all those who were lucky to be related.

She was employed many years as a medical secretary with IHS, then worked along with lifelong friends at the Terrosion plant, tribal clothing factory, and also at the Warm Springs gift shop retail clerk.

Yvonne was well known for many amazing floral and eagle pieces of headdress, that she made along with her children and grandchildren with the family run business, WSMGenerationsHeaddress.

She was baptized in the 1910 Indian Shaker Church as a young girl. She was preceded in death by her mother Geraldine Arturo, her two sons Jovanni Soto and Lafe Arturo Yvonne was lied to you with a comment on Feb

Yvonne was an amazing speaker at the American Indian Cultural Festival at The Dales.

Yvonne was laid to rest in Portland. I went back a half days at Good Samaritan Hospital, and I was ready as I could be.

I was in for one and a half days at Good Samaritan in Portland. I went back to work after a week. By then the weight had already started coming off.

It was really hard understanding to people's questions. I was continually in pain.

Every couple weeks, I had to try to find a size or smaller clothes, so I sheopped at Good- will, one of my favorite stores.

Within six a half months I had lost 120 pounds. At one point there was concern about muscle loss due to the quick volume loss.

It has now been 6 years and eight months.

As much as my mind told me I was hungry, my body system says No, and doesn't allow me to overeat.

I take vitamin now, drink water, snack a diet role from time to time, and stay active.

I sleep better, so I have less of energy. I eat healthier foods and eat a lot less.

I had no excess.

It was gone a few days after surgery. My blood pres-

sure is great (106/62 ), A1c is 5.3, and I still have my marbles up.

For a time I was the only one in Warm Springs who had gone through this sur-

ger. So there were not other patients to draw support from. Now, there should be enough to start a support group.

If you're thinking about getting healthier, you can do it when you pay your mind to it and are persistent.

Everyone has someone who is feeling down—kids, spouse, brothers, sisters, parents, grandparents, friends, and family. These are excellent reasons to start taking better care of you.

I have no regrets about my decision to become healthier and doing the bariatric surgery. Don't pro-

crastinate any longer.

For those in the health medical field, Please be hon-

est and prognosis with your patients about obesity and the impacts.

Someday, at age 60 I fulfilled my dream and went on a weight loss surgery.

I Prices, don't wait that long, although it does go on line it is never too late to take better care of yourself.

I thank my kids Dorian and Rebecca, Dr. Coadman, Dr. Irena, Dr. Patterson, tribal surgeon authorizes, tribal bill payers, and oth-

ers involved in my surgery.

Thank you to everyone who is counting on them—parents, grandparents, kids, spouse, brothers, sisters, who is counting on them—

**Diabetes program offers healthy message about oils and fats**

**Nutritional fat can be classified into four groups: Saturated fats, Partially hydrogenated, transunsaturated, and unsaturated.**

- **Saturated fats.**
  - Solid fats come from animal sources such as butter, milk fat, lard, and margarine. They are solid at room temperature, but may be melted at body temperature or above.

- **Transunsaturated fats are highly processed fats and oils that contain cis unsaturated fatty acids.**
  - Trans fats can be formed from unsaturated fats and oils. Trans fats are found in partially hydrogenated oils and have been linked to increased risk of heart disease and stroke.

- **Unsaturated fats are liquid at room temperature.**
  - They are commonly found in plant sources such as nuts, seeds, vegetable oils, and some fish. Unsaturated fats can be monounsaturated or polyunsaturated.

- **Monounsaturated fats are primarily found in plant sources such as olive oil, canola oil, and nuts. They are good for heart health and can lower cholesterol levels.**

- **Polyunsaturated fats are primarily found in plant sources such as flaxseed, soybeans, and some fish. They are beneficial for heart health and can lower cholesterol levels.**

Richard (Dick) Dean Souers was born in Eagle Butte, South Dakota to Dwight and Marcella (Briggs) Souers, on the Cheyenne River Sioux Reservation. In 1943 the Souers family ventured out to Oregon, where they found a place that felt like home in Chiloquin. Dick attended Chiloquin High School and was a star athlete. He went on to Oregon Technical Institute to play on the OTI men's football, basketball and baseball teams, and there he studied civil engineering.

On September 1, 1951 Dick married Dorothy (Dot) Totten Neilson. Dick worked roads construction and was hired by the Bureau of Indian Affairs as a roads engineer in Chiloquin. In 1957 Dick transferred to Warm Springs, where he worked 33 years. After retirement he continued working road construction with his own private business.

Dick's passion was coaching sports. He gave endless time, attention and encouragement, coaching many young athletes in Jefferson County, until he was 75 years of age.

Over the years Dick donated his knowledge, skills and labor to help build several baseball fields and sports complexes in Warm Springs, Madras and Culver. Dick loved going to watch his grandchildren compete in sports, and he was blessed to coach them as well.

Dick had a great love for God, family and friends. His grandchildren and great grandchildren brought much joy into his life.

Dick will be remembered for his wonderful sense of humor, his contagious laugh and his amazing smile.

His family and friends will forever miss him but the memories of him are etched in their hearts.

Dick leaves his wife Dot of 65 years; children Bonita (Sharon Braaten), Terry Macy (Richard) and Jim (Mary Nelson); grandchildren, James, Kenny and John Macy, Benton, Randall and Emily Souers; great grandchildren Brayden, Logan, Carter, Laney and Celia Macy; sister Norma Eshleman, brother Arland (Butch) Souers, and sister-in-law Twila Souers. Preceding him in death were his parents, son Rick, sister Mary Ann Wilkie, and brother Dwight (Bubs) Souers.

Celebration of his life will be held April 1, 2016 at 1 p.m. at the Madras High School gymnasium.

In lieu of flowers, donations may be made in his honor to Madras, Warm Springs or Culver School sports programs.
