NASA rocket science at Academy

The last day of school this year at the Warm Springs Academy will be a unique one.

In the afternoon this Thursday, June 9, a team from a NASA youth education and outreach program in Washington will launch a rocket from a field by the Academy.

The rocket launch demonstration will be at the conclusion of a series of science and math exercises for middle school students.

This is a partnership project

among the school, NASA, Oregon Health Sciences University, OMSI and the University of Washington. Warm Springs Ventures also helped with some planning facilitation.

This past spring school principal Ken Parshall and middle school science teacher Paul Harris met with Juan Carlos Chavez, associate director of the Washington Space Grant Consortium.

A goal of the consortium, Chavez said, is to encourage under-

represented youth to pursue careers in science, technology, engineering and math (STEM). A way to help achieve this is with a show-case event such as the rocket launch, he said.

The program has been successful at other schools in sparking the interest in STEM curriculum among younger students, Chavez added.

The NASA consortium provides resources and expert staff to facili-

tate the project. An initial part of the Thursday program will involve archery, and work with model rockets, concluding with the launch of the actual rocket.

The archery and other projects introduce some of the concepts that also apply to rocket science. Calculating the trajectory of an arrow, for instance, involves the same math principals that apply to rockets.

The rocket launch is scheduled for about 3:30 p.m. this Thursday.

Adoption election candidates

The tribal adoption election is coming up on Monday, June 13.

This edition of the *Spilyay* includes statements from and pictures of some of the adoption candidates.

Some of the information was submitted to Vital Statistics, who then provided the information to the *Spilyay*. In some cases the most recent statements are from a few years ago. These are included here with the idea being to present as much information as possible for the candidates.

To the candidates: If there is a statement or picture that was overlooked, the *Spilyay* apologizes for the oversight, and wishes the best to all the candidates.

The election polling booths will be open from 8 a.m. to 8 p.m. on Monday. The polling place is at the community center aerobics room.

W.S. Agency Superintendent takes Navajo job

The Warm Springs Agency BIA superintendent said this week he is leaving for the position of deputy director of the BIA Navajo region.

Superintendent John Halliday has been the Warm Springs superintendent for the past four years. Mr. Halliday has family and friends on the Warm Springs Reservation, but the position with the Navajo region is an opportunity that is hard to pass up, he said.

The Navajo Nation has more than 300,000 members, and the largest Indian tribal land-base: 27,425 square miles in parts of Arizona, Utah and New Mexico.

Tribal Council Chairman Austin Greene Jr. said the tribes will miss Halliday and the work he has done on complex issues. But at the same time, Chairman Greene said, "You have to do what is best for you."

Outdoor Market free BBQ kickoff

The Warm Springs Outdoor Market kicks off this Friday, June 10, with a free barbecue. The market begins at 10 a.m., and barbecuing at noon.

This year the market will be taking place outside the Reuse It Store. Come by for your free burgers and to check out the market. There will be vendors of produce, arts and crafts, and more. The market is a project of the Warm Springs Community Action Team.

Madras High School seniors graduated on Saturday, June 4. Coming up on Friday evening, June 10, is the tribes' Graduates' Banquet at the Agency Longhouse. Meanwhile this week, Gavin Begay (picture at right) won the Play It Forward Award at the Oregon Sports Awards (see page 2).

nativeFAX a new Warm Springs Venture

nativeFAX is a new and upcoming project of Warm Springs Ventures. Ventures is partnering with Tigard-based FaxBack Fax Solutions on the new business enterprise.

The technology uses the Internet to send faxes, including faxes to e-mail. This eliminates the need for a dedicated fax line.

FaxBack is the manufacturer of the adapter that connects to the fax machine. The tribes are the marketing body. The item is called nativeFAX: A Warm Springs Ven-

ture.

The target market includes government agencies, including law enforcement, and private businesses.

Documents sent with nativeFAX cannot be altered, which is part of the appeal of the service, said Aurolyn Stwyer, business and marketing director at Ventures. The fax can be sent to multiple e-mails.

These features can be important to law enforcement, medical groups, car dealerships, universities, the military, among other groups, Ms.

Stwyer said. A study shows the potential market for the product is large, at \$3 billion, she said.

UAV update

In other news at Ventures, the tribes are getting ready to begin the re-model project at Kah-Nee-Ta. This is funded through a state infrastructure grant, and will include the extension of fiber to the resort.

This will provide Kah-Nee-Ta with high-speed Internet. The re-modeled lower floor area of the

resort will be the training and meeting facilities for the Center for Excellence in Wildland Fire Fighting, using the unmanned aerial vehicles technology.

Last month, Stwyer attended the Association of Unmanned Vehicle Systems International conference in New Orleans, where 800 participants were on hand from around the world. This was a chance to show-case the UAV services the tribes are developing on the reservation.

New sign arrives for casino

A large and colorful new sign arrived this week for the entrance area of Indian Head Casino.

A crew on Tuesday was setting up the latest addition to the casino marketing.

Yakama publish Climate Adaptation Plan

Climate change is real and, unfortunately, the effects appear to be in motion. We are witnessing changes in the seasons. Our roots and berries must be gathered sooner, and salmon returns are less predictable. Our people notice less snow in the mountains now, and there is less cool water during the summer when it was once abundant. The changes we see may not bode well for our future. Over the years to come, we may lose natural resources that are important to our culture and our heritage. Some of these losses may be irreversible.

— Introduction to Climate

Adaptation Plan for the Territories of the Yakama Nation

Published last month, the Yakama Nation Climate Adaptation Plan for the Territories of the Yakama Nation states:

This document is an acknowledgment that climate change is real and that it poses a threat to our grandchildren, our culture, and our way of living.

This document represents the first collective effort by our many governmental de-

partments and programs to identify important resources and cultural components most likely to be impacted by climate change.

The plan identifies work the tribe is currently undertaking recognizing and helping to reduce climate change impacts.

The plan includes specific recommendations for deeper analyses of vulnerabilities and risks to the most important interests and adaptation actions that we should implement now.

This is a starting point for

the conversation about climate change and planning for adaptation throughout all of the territories of the Yakama Nation.

It is derived from the experience of the Yakama Nation people, its tribal programs, and findings from regional experts on these important topics. “This document is one way we can educate ourselves about current vulnerabilities and future risks and share ideas about actions that we may need to take to build climate resilience.”

Oregon Zoo condor egg is called to the wild

Five chicks have hatched since March—with one more still on the way—from eggs laid this winter at the Oregon Zoo’s Jonsson Center for Wildlife Conservation. In a fitting salute to the recovery program’s goal to facilitate a self-sustaining population of North America’s largest land birds,

one of these chicks went straight to the California wild.

In late April, Joe Burnett, condor program coordinator at the Ventana Wildlife Society, noticed that a pair of wild birds—Condor No. 310 and her mate, No. 219—had an egg that was past its expected hatch date.

Burnett decided to check out the nest cave, rappelling halfway down a 180-foot cliff in the steep coastal mountain range near Big Sur. After closer examination of the egg, he candled the egg and determined it had failed inside. While unfortunate, natural egg failures like this do occur, Burnett says, and

the California condor recovery network is there to pick up the slack.

At the Oregon Zoo’s Jonsson Center, timing was spot on. Inside of Egg No. 7, laid at the Center on March 4, a chick was already “pipping”—chiseling a hole in its shell to access more air.

I enjoy spending as much time as I can with my classmates that I have known since our day-care

years. I also spend a lot of time doing family things with my parents and brothers and sisters, from powwows and setting up selling family beadwork to helping whenever I can. I want to hunt and fish along with my family to help provide for the elders in my family. I have been raised here in Warm Springs and this will always be home.

Izraii Andres Mendez

My name is Damian Ignacio Reynoso. My mother is Joy Ramirez (Soto), my maternal grandmother is Yvonne Tapedo (Arthur) and my maternal grandparents were McKinley and Jessie Arthur. I am now 24 years old and waiting for the day to come when I can say I am a Warm Springs tribal member. I have been on the tribal adoption list for over 20 years and holding onto hope that I along with my brothers and sisters will all be tribal members .I want to be able to spend time with family and learn to fish and hunt so I can provide for my mother as well as my grandmother. When I was a lot younger I was able to go along with my best friend and his father and watch them fish, and still to this day my wish is to be able to fish and take home salmon.

I graduated from Madras High School in 2010, and attended COCC for some years while working at Kah-Nee-Ta for many years. I spend a lot of time

skateboarding, hiking the outdoors, and filming as well as promoting a graphic printing business for my brother, and it all coincides with our skate crew, “The Abandoned,” while remaining focuses on a small skateboarding apparel business with my brother Carlos and the art vision called “Reyn.”

Warm Springs is home to me and my siblings, and it is the only place we know as home. This is where our family and friends live. I consider this our community as a whole.

Damian Ignacio Reynoso

My name is Carlos Jesse Reynoso Jr. My mother is Joy Ramirez (Soto), my maternal grandmother is Yvonne Tapedo (Arthur) and my maternal grandparents were McKinley and Jessie Arthur. I am 25 years old and this is my third time being on the Warm Springs tribal adoption list. I’m hoping that the time is here, and that I can finally call myself a Warm Springs tribal member.

My interests are in art, drawing, filming and working on the side on a business venture in skateboarding apparel that will launch into an art vision called “Reyn.” My hope is that it will grown and one day we are able to sponsor local kids in the Central Oregon communities. All this has come about from a small business my brother Damian and I started which was “Abandoned,” focusing solely on the skateboarding lifestyle.

I have been working for the Indian Head Casino for the past four months, and also for the past year at the Jefferson County school district. Prior to that I worked

many years at Kah-Nee-Ta, working as a cashier and in the accounting department. I am enrolled in COCC working towards a business degree, and working while raising my 2-year-old son, who is an enrolled member of the Confederated Tribes of Warm Springs. One day I hope to be able to go fishing and hunting with him because I know how important it is to be able to provide for your family and learn these traditional ways. I unfortunately have missed out on many things, such as hunting and fishing, but was able to go along with a good childhood friend and his father on hunting trips and watch them hunt. I have been raised here and plan on being here to raise my son in Warm Springs.

From Anita Z. Bryant, Alyson B. Cole and Samantha M. Cole—Wasco/Warm Springs:

We would like to take this opportunity to thank the Tribal Council for passing Resolution 12,158 to hold an election on June 13, 2016 to adopt eligible candidates into the CTWS Membership.

Our auntie atwai Irene Wells was a leader in the adoption election 20 years ago, and she promoted the "Vote Yes for All of the Adoptees,” and it is my honor to introduce to you my daughters Alyson B. Cole and Samantha M. Cole.

Whether they meet blood quantum or not, if you are a descendant of the Warm Springs Nation: You are our people! Vote Yes for All CTWS adoptees on June 13.

My daughters Samantha M. Cole and Alyson B. Cole are beautiful inside and out. We have many friends and family here on the Warm Springs Reservation. They went to school and resided here, participating in many functions. They have gone on to be successful working young native women.

Their grandmother is Joann J. Bryant and atwai Edna Sanders (Smith). Our great grandparents are Fred Smith and Lucy Smith (McCorkle) or Wau-tum-me.

Great-great-great grandparents paternal side are: Robert Smith or Sam-mutt & Annie Smith or Clo-bin-wa. Annie Smith’s mom was Kam-aloush.

Fred Smith’s mom was Lucy Tufti or Tcau-a-wai-

ti. Lucy Tufti’s father was Slak-us.

Great-great-great granddaughter’s maternal side are: Warren McCorkle or Tu-tan-u-cet and Minnie Gadshaw or Wau-tum-me. Minnie’s dad was How-ai.

Warren’s father was Sah-quah. Warren’s mother was Gal-lumtk or Kamushnai.

Please make this a reality for Alyson B. Cole and Samantha M. Cole. To become enrolled members of the Warm Springs Confederated Tribes. This validates their lineage, heritage and recognition.

Respectfully,
Anita Z. Bryant

My name is Melissa Dove Melting-Tallow. My grandmother is Lolita Greeley, my uncles are Elton, Melvin, and Hamilton Greeley; my great-grandparents are Merle Scott and James Greeley.

My mother Maria Godines taught me many of our traditional ways which she learned from her sisters Roberta Kirk, Olivia Wallulatum, Redine Billy and Joan Selam-Greeley. Through them, I have learned to be respectful to our elders and traditions.

To me, enrollment is being officially recognized as one of our people. It is being officially part of our tribe. It is like having citizenship to be able to obtain employment and housing as well as being able to dig roots, fish and

hunt. Being federally recognized gives me outside opportunities for college grants and other programs that are not available to me now.

I love fancy shawl dancing and being a good role model for my daughter and younger siblings.

Vote yes for me, my sisters Victoria Godines and Vivian Yazzie and our brother George Yazzie.

To friends, family, and tribal members of the Warm Springs Indian Reservation,

My name is Kira Cook, formerly Kira Langnese. My sister is Kayla Casey, who is also up for adoption. I was the first baby born from Warm Springs in 1982. My mother is Roxanne Langnese-Chinook, and my grandmother who lives in Warm Springs is Lupe Samuels. My uncle is Walter A. Langnese III, who recently retired as the Chief Judge for Warm Springs Tribal Court. My sister Jenaea Langnese, and my cousins are Tama and Eric Langnese, who work in Warm Springs. I have many close relatives living on the reservation as well.

After graduating from Madras High School, I excelled as a NCAA Pole Vault for Western Oregon University (WOU) Track and Field team, and worked three jobs while competing and going to school. I graduated from WOU in 2004, with a Bachelors of Health Education, and Minor in Physical Education. I received recognition for my academics, volunteer work as well as Track and Field accomplishments. I went on to gain one of the Nations top personal training certificates, the American Council on Exercise Personal Training Certificate. For the last 8 years I have been a Sports Performance Specialist, Personal Trainer, mother and wife. Four of the eight years I have ran my own successful training business.

In the 1996 election we were not voted in by only a handful of votes. My cousins Eric and Tama Langnese and Sister

Jenaea Langnese were all voted in. As you can imagine this was heart-breaking for me and my sister. I am very proud to call Warm Springs my home, and my roots. I lived on the reservation when I was baby, and left the reservation only because my mother attended Central Oregon Community College from 1982–84, and Boise State University from 1984-1988, where she earned a Bachelor Fine Arts degree.

We moved back to Warm Springs when I was in the third grade. From third grade to high school graduation at Madras High School, Warm Springs was my home. While growing up in Warm Springs I was actively involved in a number of areas. I played basketball, softball, participated in 4-H, and proudly traveled around Oregon and danced as a Warm Springs’ Rainbow Dancer. I proudly represented Warm Springs in the 1997 North American Indigenous Games for Track and Field in Victoria, British Columbia. At the Indigenous Games, I took home one of the four gold medals in the entire history the games for Oregon, for the javelin throw and Silver medal for the long jump. I also of attended multiple community events as well as events at the Longhouse. Warm Springs is my home, it’s me, and when anyone asks where I’m from, I proudly tell them all about Warm Springs and my upbringing on the reservation.

Thank you for taking time to read my letter. With Love and Respect,
Kira (Langnese) Cook

From the time Jadyn Mya was a baby I have shared with her the same stories I grew up with. I wanted her to know about her great great grandparents, Charlie and Georgiana Jackson, and their son Vernon and his wife Louise who are my grandparents.

Jadyn is proud to share her regalia with her class at school, and show them how to do a butterfly dance. Growing up I was always confident about who I was and where I came from. Jadyn knows that my father, Mark Jackson, is her Ic'ga'kus, maternal grandfather in Wasco, and taught her little sister how to say it too. I

would like to complete the stories of Jadyn's heritage with knowing she is a tribal member.
Thank you.

My name is Vivian Yazzie. I have lived here on the reservation all my life. My biological mother is Nesbah Yazzie, my grandmother is Vivian Adams, my great-grandparents are Caleb Adams and Beatrice Scott.

I give thanks to Louella Heath, Radine Johnson, Alicia Adams and Maria Godines who have assisted with my upbringing. Through them, I have learned Washut and many of our traditional arts and culture as well as discipline and respect for our traditions and elders.

In October of this year I will be leaving to boot camp to join the Marines; however, Warm Springs is my home. Being enrolled is validation of who I am. It

means family, friends, and tradition. It gives me privileges of being able to harvest our traditional foods on our reservation and ceded lands.
Please vote for me, Vivian Yazzie, and my sisters Melissa Meltingtallow, Victoria Godines and my brother George Yazzie.

Hello, my name is Francisco Medina. I am 20 years old.

I've lived on the Warm Springs Reservation all my life. This is my home where all my life is. This is where I learned the ways of my people. I want to be a tribal member because I want to be able to provide for my family, like I was brought up but never got to do. I want to be proud to call myself a tribal member of the Warm Springs Reservation. I also want to help more in the community, and get more involved. I want to make changes and help clean up the reservation. But most of all I want my people to be able to claim me as their own. I claim the Warm Springs Reservation and my family and home, that's all I've known.

As a young boy I played baseball here in Warm

Springs on the Little Bucks and Bucks.
My family is Phoebe LaRose, mother; Kim Medina, grandmother; Billie Jo Bagley, great grandmother, and Gertrude Bagley, great great grandmother.
I have quite a few more family members that are tribal as well. I would just like the opportunity to be considered a tribal member and recognized.
Francisco Medina Hernandez.

My name is Victoria Godines. My Indian name Latit Latit was given to me at my uncle Oliver Kirk's home by my grandmother Lolita Greeley. My mother is Maria Godines. My great-grandparents are James Greeley and Merle Scott. We are Warm Springs-Wasco, people of the Columbia River. My father Victor Godines is of the Oaxaca Tribe.

Being an enrolled member means being part of our people, our ancestors, and keeping our traditions alive. It gives me identity of who I am and part of. It is knowing that I have a place to live, a place where I have many friends and family; and a place to rest when Creator calls. It is knowing I can dig roots, fish, hunt, pick huckleberries and explore our beautiful reservation.

Being an enrolled member should not be taken for granted. It is our responsibility as a tribal member to help make a better future for ourselves and our people. It means pride, dignity, family, and culture, it is an honor and a privilege.
Please vote Yes for me, my sisters Melissa Meltingtallow, Vivian Yazzie and brother George Yazzie. Victoria Godines.

Hello, my name is Leroy Archer Jr. I would like to be a tribal member because my mother, grandmother, great grandparents, uncles and cousins are tribal members. It is something that I have wanted for a long time. I was on the last adoption list in 1996, and unfortunately did not get voted in. I assist the Warm Springs American Legion, when needed. I assist the Warm Springs seniors, when needed. I'm a manager for Warm Springs Little League Baseball. I help my mother with various Red Cross functions in warm Springs, and am certified with Red Cross. I will still

do these things regardless if I get adopted in or not, but if I do get adopted in, I will be someone that will be proud to be a tribal member, and tribal member other tribal members can look up to and know that voting me in was a wise and correct decision. Sincerely,
Leroy Archer Jr.

My name is Paul A. Martinez Jr. My dad is an enrolled member. His name is Paul Alexander Sr. My grandmother is atwai Henrietta "Etta" Kalama Johnson.

I have lived and worked on the Warm Springs Reservation for the past 24 years. I was employed by Fire Management, Fire and Safety, the Salmon Corp, and currently for the past two months I started working for Fire Management at the start of the season. I started working for Deschutes Crossing at age 13.

Most of you know my past when I was lost in this world, doing things wrong due to bad choices. I have changed my ways of living to better myself and regain good control of my life. I have been to Counseling CPS appointments, went to parenting

classes and received my certificate showing I completed the class successfully. I want to continue doing well and hopefully one day make another individual see there is hope of changing and becoming a productive person for our people. They also can make better choices in life and become a better role model for others. Thank you.
Paul A. Martinez Jr.

My name is Annette Chastain and my mother is Caroline M. Cruz, who is the current Health and Human Services General Manager for our tribe.

My maternal grandmother was the late Henrietta Kalama Johnson. My maternal grandparents were the late Rose Kuckup and Henry Kalama Sr.

I am Wasco, Tenino, Pitt River, Nisqually and Choctah. I am also 1/32 Hawaiian that is not accepted as Native American but this 1/32nd prevents me and my sister Venesa Cruz and many cousins who share the same grandmother from being automatically enrolled.

Therefore we need to be adopted by the vote of the Warm Springs people.

I was raised in the Warm Springs area. You might of known me as Annette Archer. I attended Warm Springs Elementary, Madras Elementary, Madras junior and high schools. Some of my best memories were playing in numerous local basketball tournaments on Warm Springs teams.

I remember my

grandmother Etta attending almost every game. I received my Bachelors from Eastern Oregon State College, and my Masters in Social Work from Washington State University.
I am a License Clinical Social Worker. I have been co-training with my mother for a number of years, and have been providing clinical and prevention services to Warm Springs and Jefferson County.

My paperwork to become a tribal member has been submitted for most of my life. My mother has always made sure I have known my history and the importance for my identity to know my roots.

It would be nice to be able to finally say I am a tribal member instead of saying I am Indian from Warm Springs. Please vote for me and other family members. Thank you,
Annette Chastain

My name is Muirinn Janae Adams-Guijosa (Warm Springs, Wasco). My Indian name is Utalpi Kusi (Crazy Horse) informally given to me by my great-grandmother Bea.

I am 17 years old and a 2016 graduate of Madras High School. My mother is Alicia Adams, my grandmother was atwai Myrtle Adams, and my great-grandparents were atwai Beatrice Scott and Caleb Adams.

I have grown up on the reservation for most of my life. I often travel to play in basketball tournaments and have also been active in volleyball, soccer, softball and track. I have been a traditional food gatherer and server for the Agency Longhouse. I used to travel the Pacific Northwest to participate in powwows, and I've participated in many activities on the reservation.

I have represented Warm Springs and called Warm Springs home my whole life. Being an enrolled tribal member brings huge opportunities

through education and employment. I plan on becoming a police officer for the WSPD or a paramedic for Warm Springs Fire & Safety, and hope to make my way up to a homicide detective.
Although I only missed the blood quantum for automatic enrollment by 1/64, I feel that people look at me differently because I am not a tribal member. To me, being a Warm Springs tribal member means that I have a place to call home, a place where I am accepted, a place where I feel safe, and a place where I can be put to rest when my time comes.

Their mother is Trisha Johnson. Grandparents are Marissa Stradley and Rick Stradley.

Great grandma is Lenora Polk. And great great grandparents, Hattie Symentire and James Polk.

We would like to be enrolled as CTWS Tribal Members because this is has and always will be home!

Logan Kylish Phifer and Inorah Kyrene Phifer.

My name is Elke Littleleaf Kirk. My father is Charles Kirk, aka Littleleaf.

The Warm Springs and Wasco is from my great grand parents, James Greeley and Merle Scott.

My background with the tribes are roots, berries, hunting and fishing, Longhouse and pow-wows.

I've started a few businesses here in Warm Springs. My current business is a fishing guide service I share with my wife Alysia Aguilar, who is also a tribal member.

I have made many sacrifices to come and live in Warm Springs. Not many know how much love and work we do with the tribe as a small business. I'm also an activist for our tribes to protect our rivers and streams. We helped fight against Nestle and the Tesoro oil plant.

Being an enrolled member will make my

life complete. It's already been one of the happiest moments of my life... even if I'm not enrolled.

That piece of paper will not stop me from being Warm Springs and Wasco. For it's already in my heart of who I am forever. When my last breath is taken on this earth, my truest desire is to be buried with my family in Warm Springs.

Elke Littleleaf Kirk

Hello, my name is Devynn Rodriguez. I'm 19 years old, and I am from Warm Springs. I was raised by two of the best people our community has to offer, my grandparents Bob and Kim Medina. However, if you truly knew me you'd understand that they are my parents.

I have lived in Warm Springs my whole life, learning the many traits our culture has to offer. I have great teachers and advisors, elders, who I've learned our ways from.

Not being a tribal member has restricted me from all the things others have done that could have been life changing like jobs, housing and outdoor traditions.

I do understand the part I would rather have, of knowing where we're coming from to understand both the people side and the political side. But because my enrollment has been pending since I was a baby, Pending still doesn't make you a member.

As much as I'd love my son to grow up in such a beautiful place as his mother, unfortunately I'm unable to do so, because I'm not a tribal member and I'm not able to have a home under my name.

I have many tribal

member family that are here today and some that are gone such as my mother Terri Philpot, grandmother Kimberly Medina, great grandmother Billy Joe Bagley, great great grandmother Gertrude Bagley, and my great uncle Alfred Bagley.

I love the outdoors, hunting, fishing, berry picking, camping. I'd love to be able to do those things on my own, without having to wait to see if someone is willing to take me. Instead of having my grandma with me to gather, I'd like to be able to go out on my own and gather things for my family. Not only do I not have the privilege of such things, but so do others, so I ask please vote Yes to All.

Devynn Rodriguez

I am Monica Rose LittleLeaf (Kirk) Tufti. I am the daughter of Anthony James Little Leaf (Kirk). My Grandmother is Lolita Greeley and my Great-grandparents are Merle (Scott) and James Greeley.

I am married to Alex Tufti, he is my best friend, my soul mate. His mother was Atwi Caroline Johnson, she was a wonderful, loving mother-in-law.

Currently, I work at the Early Childhood Education Department, a job I really enjoy. Previously I worked at the Indian Head Casino and for a short time at Tribal Court.

Through the JTPA Program, I attained work experience in jobs I thought I could never acquire. Although, I have some college education in business administration and computer science. I am grateful to the JTPA Program for work experience in the Warm Springs Police Department/Dispatch, Warm

Springs Fire and Safety Department where I attained my Ambulance Driving Certificate and the Range and Agriculture Program.

I have lived in Warm Springs for several years now. Warm Springs is my home. I appreciate the traditional learning experience provided by my Warm Springs/Wasco family.

Thank you for taking the time to consider my request for a "yes" vote for enrollment from all of us who wish to be an official Warm Springs Tribal Member.

Monica Rose LittleLeaf (Kirk) Tufti

Hello, my name is Buck Littleleaf Kirk. My father is Elke Kirk. My grandfather is Charles Kirk, aka Littleleaf.

My Wasco and Warm Springs bloodlines come from my great grand parents James Greeley and Merle Scott. I was raised to harvest berries and to fish and hunt. I also was a

member of the 4-H Wasco Dance Team here. We did performances all over.

It's my ultimate goal to become an enrolled member. Warm Springs is and will always be my home. I only wish to live as a tribal member with all my family and friends. Thank you all for your support.

Buck Littleleaf Kirk

My name is Nathan Carl Strong. I'm 5 years old and live in Madras.

My mom is Leora Strong who is tribal member attending school to be a nurse. My dad is Thomas Strong and works at the Warm Springs Commodities warehouse.

I would like to be a member of the Warm Springs reservation because my family is, and I am a part of them. I fall short of automatic enrollment requirements by 1/16. Vote for me Nathan Strong on June 13.

Family tree: Mother: Leora Strong. Father: Thomas Strong. Grandmother: Vernita "Tuhee" Adams.

Thank you.

Nathan Carl Strong

My name is Denise Francine Hill and my mother is tribal member Rose Mary Alarcon. My grandmother was also enrolled. Her name is Henrietta "Etta" Kalama.

I worked for Kah-Nee-Ta and the Indian Head Casino for the past five years. I lived in the Hamlets for almost three years, and lived with my mother for around six months. I am currently living with my mother temporarily for the past five months.

I have learned many things about Warm Springs, such as traditions, cultures, elders, season for roots-luuksh, Bitterroot-piaxii, wild carrots-sakwi't and huckleberries-winwanu. I learned this at work through my co-workers with whom I am related: the Smiths, the Kalamas, the Martinezes. I met a lot of my family for the first time and was amazed at how many there are.

Since I have been coming to Warm Springs since

birth every year, I would come and stay here with family members. I love it here, learned new things, and met new family members that I have never met before.

I would like to be a tribal member. I would do great things. I have been helping elders while working at the casino and before working at the casino. I aspire to be a Warm Springs tribal member to learn more of my tribal history and customs, knowing my people are Warm Springs.

I am writing this letter in regard to the adoption. It is an honor to be considered for adoption into the tribe. My father has always talked about how wonderful it is to be a tribal member and carrying on our Indian heritage. I have always wanted to be a member of the Warm Springs Reservation since I was a small child. It is important for me to carry on the history and knowledge of my Indian heritage to my children. Historically and traditionally, tribal adoption has been practiced giving more insight to tribal customs and ceremonies. I

am excited to be a part of it. I have been to the reservation to visit family and experience traditional ceremonies. These are memories I hold dear. Thank you for taking the time to hear my story, and I am blessed to be Warm Springs Indian. Sincerely,

Dear People of Warm Springs:

Hello, my name is Kayla Desirae Casey, and I'm 27 years old. My Great Grandmother was Jeanette Bruno, my Grandmother is Lupe (Garcia) Samuels, and my mother is Roxanne Jeanette Langnese-Chinook.

My sisters are Kira Langnese-Cook, and Jenaeca Langnese-Frye. I lived with my mother Roxanne and my sister Kira on my reservation since I just turned 2 years old. My mother relapsed in 1997, and I was forced to live with my father in Idaho. My mother won custody back of me in 2001, and I have lived in Bellingham, Wash., ever since.

I graduated from Warm Springs Head Start, Early Childhood Education, and attended Warm Springs Elementary. I want to be a Warm Springs Tribal Member because I am very proud and identify with my Warm Springs/Wasco heritage, and memories of growing up here.

I am an artist like my mother, grandmother and great grandmother. In 1996, my sister Jenny Langnese and my cousins Eric and Tama Langnese were adopted in and became tribal members.

My sister Kira and I missed being adopted in only by a handful of votes. It was a very sad time. However, I hope you will please vote for me and my sister, and all of us that are eligible for adoption.

It will be an honor to say I am a member of the Confederated Tribes of the Warm Springs Indian Reservation. Thank you for your time and consideration. Sincerely,

Kayla D. Casey (Langnese)

I am writing this letter to say why I would want to be enrolled with the Warm Springs Tribe. The answer is simple, for a sense of belonging to my heritage. My father Kelly Rhoan has always raised me to be proud of my heritage and where my family came from. From a very young age I was made aware of where my father and the rest of the family are from, also being fortunate enough to visit with

aunts and uncles and other family members as a child and also as an adult. I am very proud of my Native American background and would be honored to be adopted into the tribe, to be able to not only have honor in knowing what my heritage is, but to have a sense of ownership and pride in knowing that I am part of it. Thank you so much.

Brooke Rhoan-Soshea.

Please vote yes for my son, Rufino Arriel Galan, to become a tribal member on June 13.

Rufino is 6 years old. He has lived in Warm Springs all his life. He has attended ECE and currently attends WS k-8.

Warm Springs is his home, as it is mine and always will be. I want my son to enjoy the opportunities I have had being an enrolled member of the tribes.

Rufino's grandparents are Chris and LeRoy Smith Sr. His great-grandparents were Stanley and Dorothy

Smith. His great great grandparents were Wesley and Annie Smith.

Please vote Yes for **Rufino** on June 13. Thank you! ~

I am James Hance and I was born on January 29 of 2000 in Bend. My mother is Farrell Lucci. My maternal grandmother is Hazel T. Saligan, and my maternal grandfather is (unknown). My maternal great grandmother is Janice M. Lucci. My maternal great grandfather is Norman E. Lucci.

I want to be a tribal

member so when family need wood to cut I will be able to do it. When there is no meat in the freezer I will be able to go hunt and fish. I will be able to do this when my family is in need or of they are sick. I will be able to go on the back roads without having to have a tribal member with me. Sincerely,

James Hance.

Murray Blaine is the son of Casandra Moses and Jered Moses (step-father), grandson of Angelina Sorrellhorse and great grandson of Jeff and Shirley Sanders. Murray is very active in the community with sports and cultural events. Murray has been in many sports such as karate, soccer, t-ball and football. He has also attended the AIS (Autni Ichishkeen Sapsikw'at) school for a few years and continues to learn our language and culture. Murray does well in school and his new passion is raising chickens. Murray is a grass dancer and loves to powwow. Murray is a fast learner and he is eager to learn more traditions.

Jered has been a great influence on Murray and his siblings by teaching them to work hard, how

to fish and hunt, as well as how to take care and process fish and meat. Murray loves living in his home here in Warm Springs, and has acclimated to his surroundings. His friends and family have strong ties here, and as a parent I wouldn't want to have my children grow up anywhere else.

This is our home, this is where we belong and this is where our family is.

Hello, my name is Lea sally Littleleaf-Kirk, daughter of Charles Littleleaf-Kirk, granddaughter of Lolita Greeley, great granddaughter of Merle Scott and James Greeley.

I am 26, an artist and business owner. I live in Portland. I have worked very hard to become the woman I am today.

I would like to become a member of the Warm Springs tribe to connect with my family, the lands of our ancestors, and to

the future of this tribe, its languages and traditions and people.

To grow as a person, educate myself further, to help keep traditions safe, to inspire and teach. To give love and empathy and respect where its needed.

Please vote for all!

My name is Jansen Cody Harrington. I am 12 years old, in the sixth grade and have lived in Madras all my life.

My mother is Lori Sue Smith. She is a tribal member of Warm Springs. My father is Jean D. Harrington and he is a tribal member of the Klamath tribe and he is deceased. My grandfather is Stanley "Buck" Smith Jr. on the Wasco side and my grandfather is Richard Dick Harrington Sr. on the Klamath side.

I am active in football, basketball and baseball, and could possibly be your upcoming Native

American pro basketball player.

I am interested in being adopted into your tribe because I would like to learn my Native American culture and continue practicing my hunting and fishing rights. I have been feeding horses and cattle with Grandpa Buck, Uncle Jason and Uncle Butch; I also help cut wood. I want to continue learning the reservation lifestyle because it's in my blood.

My family is presently getting a homesite on the reservation. If you vote to adopt me, I will make you proud of me. **Jansen Cody Harrington.**

Our names are Joseph Alexander Chaplin and Charles Chaplin. Our mother is Dawn Osmond and we would like to receive your vote to be enrolled into the Confederated Tribes of Warm Springs. We are descendants of Jeannette Brunoe and Delores Garcia. It has been a long dream of ours to become tribal members, and to be part of something so great and to help continue the tradition of Warm Springs is an honor.

We are Wasco Indian and grew up in Warm Springs. We both went to elementary school here and lived at 1302 Eagle Way for most of our lives. I remember playing tee ball for Fire and Safety and going to Pi-Ume-Sha, listening to 8 Ball do his thing on the microphone, and playing craps with Lyell at the Longhouse. We

have tried several times as children to get enrolled but we were too young to voice our thoughts about being adopted. With all this being said, we need your help as tribal members to vote for us when the time comes.

We will always consider Warm Springs home. Thank you for reading this and please help us accomplish our life-long goal, which is to be members of the Confederated Tribes and continue our legacy as Native Americans.

Joseph Alexander Chaplin and Charles Chaplin

Laki Aiden Jones is my great grandson, and I feel it is important for me to write in behalf of him to become a tribal member.

He is descendant to Oits Johnson, Paiute leader of the 78 Paiutes who returned to the Warm Springs Reservation in 1878. Oits was married to Sarah Johnson, and they had a son, Mark Johnson, who married Sallie Johnson. Mark fathered four children, Una, Addie, Orin and Luella. Una would have been Laki's great-great-great grandmother. Una Johnson and Johnnie Tewee had a son, Raymond Johnson Sr. Raymond Johnson Sr., Paiute Chief, would have been Laki's great-great grandfather. Raymond (Tape) Johnson married Rosanna Charley and had several children, one being me, Myra Johnson-Orange. I had children, one being Sandra Johnson-Perez, now married to Isidro Perez. Their daughter, Alaina Johnson Jones is now married to Isaac Jones, and are the parents to Laki.

Laki was born at Madras and has been residing within the boundaries of Warm Springs since birth. I have taken the time to raise my grand-

children, knowing who they are and where they come from. My grandchildren, who now will include Lake, are taught and exposed to the three cultures and languages of our reservation.

Laki is one-eighth Warm Springs blood, Paiute, Sahaptin, Colville, Yakama and Umatilla. I believe that it is very very important that Laki learn his heritage and where he is from, so that he will be identified as a Warm Springs tribal member. He will learn much of that by belonging to a place and being grounded and stable in his personal life. So please submit his name for adoption. As all can see, Laki will have open opportunity to learn his bloodline, languages and traditions of the Warm Springs Reservation. Respectfully submitted,

Myra Johnson-Orange.

We are submitting our son Laki Aiden Jones for adoption into the Confederated Tribes. I, Alaina Johnson-Jones, tribal member, have resided on the reservation all my life.

It is important to us and to Laki to belong to this tribe, as we all need to belong and obligate ourselves to a place. We believe Laki has oppor-

tunities to learn his languages and traditions that will strengthen his heritage, therefore opening his opportunities to give back to the tribe when he grows to adulthood.

We appreciate your attention and consideration regarding the future of our son, Laki Aiden Jones.

With respect, **Alaina Johnson-Jones,** mother.

Adoption into the Confederated Tribes of warm Springs would be a great privilege to me. It has always been my hope to one day obtain tribal membership status so that I can become a fully recognized member of the Warm Springs tribe. Membership will allow me to become a fully Native member of the tribe. Membership will also allow me to strengthen my

link with my heritage as my family has always encouraged me to maintain, as well as foster, my bond with the Confederated Tribes of Warm Springs.

By obtaining membership status with Warm Springs, I would strive to promote the cultural, social and economic well being of the Warm Springs people and their community.

My name is Vivian Yazzie. I have lived here on the reservation all my life.

My biological mother is Nesbah Yazzie, my grandmother is Vivian Adams, my great-grandparents are Caleb Adams and Beatrice Scott.

I give thanks to Louella Heath, Radine Johnson, Alicia Adams and Maria Godines who have assisted with my upbringing. Through them, I have learned Washut and many of our traditional arts and culture as well as discipline and respect for our traditions and elders.

In October of this year I will be leaving to boot camp to join the Marines, however, Warm Springs is my home.

Being an enrolled is validation of who I am. It

means family, friends, and tradition. It gives me privileges of being able to harvest our traditional foods on our reservation and ceded lands.

Please vote for me- Vivian Yazzie and my sisters Melissa Meltingtallow, Victoria Godines and my brother George Yazzie. Thank you, **Vivian Yazzie**

I want to be adopted because I feel like I belong already. My dad's whole side of the family has some tribe they belong to, connecting them back to their ancestors for generations. I, however, am not a member and feel cut off from my ancestors like they all are accepted and good enough and I am not. When I meet new people and they ask me what I am and I tell them Native, they always follow up with what tribe. I feel homeless and awkward not being able to say with complete certainty this is

my tribe because technically I am not a member. Being adopted in would mean acceptance to me, connecting me forever to a tribe and my past.

Museum joins Blue Star

The Museum At Warm Springs is one of more than 2,000 museums across America to offer free admission to military personnel and their families this summer.

The museum made the announcement last week to launch of the Blue Star Museum Program.

In collaboration with the National Endowment for the Arts, Blue Star Families, the Department of Defense and other museums in the U.S., the Museum at Warm Springs will offer free admission to the nation's active duty military personnel and their families.

The Blue Star Program provides military families an opportunity to enjoy the nation's cultural arts and museums, a wonderful educational experience. The Blue Star Program began Memorial Day Weekend and lasts till Labor Day Weekend.

The free admission program is available to any bearer of a Geneva Convention Common Access Card (CAC), a DD Form 1173 ID Card (Dependent ID), or a DD Form 1173-1 ID Card, which includes active duty military-Army, Navy, Air Force, Marines, Coast Guard, the National Guard and Reserve as well as U.S Public Health Service Commissioned Corps, NOAA Commissioned Corps, and up to five family members.

If your spouse is deployed, you may visit the museum. If your spouse is not deployed but can't visit, you may still visit the museum through the Blue Star program. Just bring one of the required Identification cards listed.

"We are happy to be a part of the Blue Star Museum program," said Debbie Stacona, museum development officer. "It's a meaningful way to express our thanks to our service members and their families."

For a complete listing of the participating museums, please visit the website: arts.gov/bluestarmuseums.

The Museum At Warm Springs is open Tuesday to Saturday, 9 a.m. to 5 p.m. Closed Sunday and Mondays.
