Interesting cannabis proposal at Tribal Council

Tribal Council met this week with the owner of a Las Vegas medicinal cannabis organization, a tribal financial facilitator, and Warm Springs Ventures.

Dr. Nicola Spirtos owns the Apothecary Shoppe in Las Vegas, employing scientists and other doctors to produce award-winning cannabis products.

Dr. Spirtos is interested in working with the tribes on getting a tribal cannabis operation off the ground.

By a large majority, tribal members in 2016 approved the cannabis referendum, and Ventures and the tribal Cannabis Commission established a memorandum of understanding with the state of Oregon. But for a variety of reasons—financing mostly—getting the operation started has proven to be diffi-

cult. Ventures and Tribal Council have determined that bringing in a partner would be the most likely way to develop a profitable cannabis enterprise.

Dr. Spirtos, working with a tribal financial facilitator from California, learned of the potential for the tribes to enter the cannabis market.

The emphasis here is medicinal cannabis and hemp, used in a variety of products.

The medicinal use of cannabis dates back thousands of years, such as in ancient Egypt, Dr. Spirtos said. In the present day the market for the hemp product cannabiodal, or CBD, is growing rapidly. This is a medicinal extract from cannabis and, unlike THC, is non-psychoactive.

CBD as a medicine can bring pain relief, and is an anti-inflammatory, Dr. Spirtos said. Because of the lack of THC, the CBD products can be shipped across state lines, he said.

At Tribal Council, Dr. Spirtos said the tribes would not want to get into the retail business of selling recreational marijuana. This market is already saturated with stores making marginal profits.

Growing the plant may also not be a good idea, as it can be cheaper to buy bulk amounts of cannabis from an established producer.

The extraction process is where the value would be added, at which point the product can be sold at a profit.

Owning the patent of a particular product is another area of revenue, perhaps the most profitable of all, Dr. Spirtos said.

As a pain reliever, CBD could help address opioid addiction and abuse problems, said Tribal Councilwoman Carina Miller.

In other recent business at Tribal Council: The Tribal Timber LLC has a two-year operating agreement with the tribes, and Branch of Natural Resources-Forestry. The Timber LLC had been operating on a year-by-year basis since its creation in 2016.

This led to some uncertainty in working with buyers, said Cal Mukumoto, Timber LLC chief operations officer.

Notice to local residents

For residents of the reservation, included with this publication are annual water quality reports.

These include the 2017 annual water quality reports for the Sidwalter Community Water System, Simnasho-Schoolie Community Water System, and the Warm Springs Water Treatment Plant Community Water System.

The reports are designed to inform the public about the quality of water consumed by the residents these systems serve. These reports are also available online:

The Sidwalter Community Water System Annual Water Quality Report for 2017: <http://bit.ly/CCRSidwalter2017>

The Simnasho-Schoolie Community Water System Annual Water Quality Report for 2017: <http://bit.ly/CCRSimnashoSchoolie2017>

The Warm Springs Water Treatment Plant Community Water System Annual Water Quality Report for 2017: <http://bit.ly/CCRWarmSprings2017>

These reports have also been posted in following locations: the Warm Springs Post Office, tribal administration building, the Family Resource Center, Indian Health Service, the Senior Center, the Warm Springs Housing Authority, Warm Springs Market, Rainbow Market and Three Warriors Market. Consumers can request a copy of the report by contacting the Branch of Public Utilities at 541-553-3246.

Law to help with sea lion predation

A bill is moving forward in Congress that will make it easier to kill sea lions that are killing salmon and steelhead in the Columbia River.

The legislation was co-sponsored by Rep. Kurt Schrader of Oregon, and Rep. Jaime Herrera Beutler.

The bill last week passed the House by a vote of 288-116.

The law would reduce some of the protections given to sea lions under the U.S. Marine Mammals Protection Act.

Since the passage of Marine Mammals law, in 1972, the sea lion population has rebounded to about 300,000.

Some of these animals are moving beyond the mouth of the Columbia River, upstream to Willamette Falls and the Bonneville Dam, where they prey on fish.

The new legislation would streamline the bureaucratic process to euthanize sea lions. The bill would allow federal agencies to issue kill permits to tribes and wildlife managers.

The orders would be limited to no more than 100 California and Stellar sea lions. Oregon and Washington officials have been using non-lethal methods to try and deter salmon predation.

The Confederated Tribes hosted Pi-Ume-Sha Treaty Days, commemorating of the Treaty of 1855. The weekend saw rodeo, softball, boxing, dance competitions and specials.

Kah-Nee-Ta update this week at Tribal Council

Tribal Council earlier this week was scheduled to hear a report from the Kah-Nee-Ta board of directors.

The board has been working with a private investment company that was interested in taking over management of the resort.

The challenge for the company has been securing the necessary financing to invest in the resort. Unfortunately, this has not happened.

A key difficulty has been collateral, a way to give a lender recourse in the event of default. The board won't request Tribal Council to use the property for collateral.

The resort property itself is tribal land, and for this reason cannot be used as security. Some aspects of the resort—furnishings and equipment, for instance—could be put up as collateral, but this would not be enough to secure financing for a large investment in the resort.

Now, the options for Kah-Nee-Ta are limited. One option could be a partial closure of the resort, said Jim Manion, Kah-Nee-Ta board chairman, the other most probable is a complete shutdown.

For the near future, the resort will stay open through the summer months, Mr. Manion said. In the long-term, the board will seek direction from Tribal Council.

The goal for the board has been to have the resort operate as a self-

sustaining enterprise. This has not happened in several years, especially since Indian Head Casino moved from Kah-Nee-Ta in 2012.

The tribes have sustained the resort financially, though this has been increasingly difficult in recent years, in light of the tribal budget.

There are 170 employees currently working at the resort.

27: Travel Day to Muckleshoot, pull from Muckleshoot to Puyallup.

July 28: Final landing.

Extension project tackles invasive species

Early detection, and rapid response are critical in controlling the spread of invasive species that threaten tribal lands.

Invasive species identification, and minimizing the use of pesticides, are topics important to Native American communities.

Dan Fagerlie works for the USDA, in the Washington State University Colville Reservation Federally Recognized Tribes Extension program, the FRTEP.

Mr. Fagerlie teamed up with the Warm Springs Oregon State Extension FRTEP; and Bill Reynolds, Warm Springs Range and Agriculture.

They brought education outreach regarding invasive species to Warm Springs.

This project included a workshop and development of educational signage to promote awareness and knowledge of invasive weeds.

Based on tribal input, they developed signage, posters and flyers, helping to increase the Warm Springs community identification and knowledge of invasive and noxious weeds.

Staff and members show some of the outreach material regarding invasive noxious weeds.

They did this in order to raise the level of early detection and control.

One of the goals of the project is to increase rapid response detection of noxious weed outbreaks. This is accomplished by developing the posters and flyers identifying noxious weeds: In addition to identification, the posters list the names and numbers of local experts for weed control recommendations.

Bill Reynolds and Terry Stradley from Warm Springs Range and Ag pro-

vided a list of invasive weeds. And they helped with hosting the workshop held in the spring.

Over \$1,300 worth of signage was developed, featuring pictures and descriptions of noxious weeds that have invaded the Warm Springs reservation.

These signs, and other outreach material, were made possible by a grant from the USDA Plant Protection Quarantine program. There was no cost to the tribes.

These signs have been

posted throughout the Warm Springs reservation in public areas to increase knowledge and identification of these costly and noxious weeds.

They also held a clinic with classroom instruction, and hands-on sprayer calibration training.

Workshop topics included invasive weed identification, timing for effective weed control; understanding a pesticide label for proper and safe application; personal protective equipment with tips for protecting the applicator and environment; and a hands-on sprayer calibration training.

It is our hope that this project will increase awareness and help reduce the spread of noxious and invasive weeds on the reservation.

Special thanks to Tribal Councilwoman Brigette McConville for helping bring this grant funded project to Warm Springs.

Scott Dugan, Warm Springs OSU Extension livestock field faculty, 541-548-6088.

Honoring cancer survivors, remembering those lost

The American Cancer Society Relay for Life of Jefferson County this month will feature Luminaria—*Remembering those lost to cancer, and honoring those who have survived.*

Luminaria will be lit at the Jefferson County Fairgrounds on July 14 about 10 p.m.

The Indian Head Casino is a great supporter of the Relay for Life.

Anyone desiring to make a Luminaria donation may do so by contacting Christie Bouvia at 541-460-9604 or by visiting relayforlife.org/madrasor. A luminaria bag is \$5 each.

"Each Luminaria represents the life of someone who has battled cancer. It is a beautiful sight when all the bags with candles are illuminated around the track," said Christie Bouvia, volunteer Luminaria chair.

"The Luminaria ceremony is a moving way to remember loved ones lost

to cancer and to pay tribute to cancer survivors."

Relay for Life events are held overnight, as individuals and teams camp out at an athletic track, park or other gathering area, with the goal of keeping at least one team member on the track or pathway at all times throughout the evening.

Teams do most of their fundraising prior to the event, but some teams also hold creative fundraisers at their camp sites during the relay.

Relay celebrates people who have battled cancer, remembers loved ones lost, and provides participants with an opportunity to fight back against the disease—all aimed at furthering the American Cancer Society's vision of a world with less cancer and more birthdays.

Prior to the Luminaria ceremony, the Survivors Lap will kick off the 2018 Relay for Life event in Jefferson County, July 14, as survivors will circle the track, surrounded by friends and fam-

ily cheering them on.

Further information about making a Luminaria donation, forming a team or walking in the Survivors Lap, is available by calling Shari Durgan, 541-475-6665 or Kathy Duman 541-420-0202 or by visiting the website mentioned above.

The American Cancer Society combines an unyielding passion with nearly a century of experience to save lives and end suffering from cancer.

As the nation's largest non-governmental investor in cancer research, contributing about \$3.4 billion, the American Cancer Society turns what we know about cancer into what we do.

As a result, more than 11 million people in America who have had cancer, and countless more who have avoided it, will be celebrating birthdays this year.

To learn more about us or to get help, call us anytime, day or night, at 1-800-227-2345 or visit cancer.org

Land Buy Back deadline later this month

The deadline to accept an offer from the second wave of the Warm Springs Buy Back program is later this month.

Respond to the Land Buy Back program, located in the Media Center; or call Randy Scott, program coordinator, or Tiffiney Yallup, outreach

coordinator, 513-615-0997.

Buy Back workers mailed the second wave offers in May, and the offers are good through July 16.

Through the Buy Back program, fractional interests in allotments are purchased from the tribal member owner, on behalf of the Confederated Tribes.

The first wave of offers, earlier this year, saw a benefit to the tribes, and to the individual owners of the fractional interests.

The first wave allowed for the purchase of a total

of 529 fractional interests from 161 separate owners, covering 1,260 acres of tribal land.

These interests are now with the tribes. A total of \$723,000 was expended on these purchases.

There is still close to \$3 million available for the second wave. The total allocated for both waves was almost \$4 million.

The total figure would cover the cost of the purchase of every fractional interest on the reservation.

Eeling season at falls

It is eeling season at Willamette Falls. The Tribal Council in June approved the 2018 lamprey regulations, as proposed by the Branch of Natural Resources (see page 7).

Lamprey are like salmon in that they spawn in freshwater, and spend

most of their adult lives in the ocean.

For years the lamprey population has been in decline, as a result of loss of habitat and hydroelectric blockage.

Tribal restoration efforts have seen some success in rebuilding the eel population.

Seeking offers to make crown

The Miss Warm Springs committee is seeking proposals for the 2019-2020 Miss Warm Springs Crown.

The deadline to submit a proposal for this project is Friday, July 13. Contact Alyssa Macy.

On the Tribal Council agenda

Items on the Tribal Council agenda earlier this week, in addition to the Kah-Nee-Ta board update, include:

The 1980 baseline update/adoption.

A BIA proposed reorganization statement. An up-

date on the Dunstan property with the Branch of Natural Resources.

A Warm Springs Ventures update. A donation request for the upcoming film festival; and a tribal member concern.

County fair, rodeo in July

Blue Flamez, of Warm Springs, will perform at the Jefferson County Fair on Saturday, July 28.

The fair runs from July 23-28, with the rodeo on the Friday and Saturday during the fair.

Exhibit Entries are due on Monday, July 23 be-

tween 11 a.m. and 8 p.m. for: Kids' Corner, clothing and textiles, arts and crafts, Native American arts and crafts, baked foods and photography.

Entries for flowers and land products need to be turned in on Tuesday, July 24 between 10 a.m. and 7 p.m.

Summer Bridge at MHS

Madras High School will once again offer the Summer Bridge program for its incoming ninth graders.

Summer Bridge is two weeks of classroom work that will give students a jump start to high school, while also earning half of an elective credit upon completion.

This year Summer Bridge begins on August 13. Class will be from 8:30-12:30 each day. Breakfast, lunch and transportation are provided.

If your student will not participate, please contact Madras High School to let them know, 541-475-7265.

W.S. outdoor market in July

The Warm Springs Outdoor Market will be set up July 20-21 from 9 a.m. to 1 p.m. On Friday the market is in front of the Re-Use It Thrift Store; and on Saturday on campus near Kalama's

Dorothea Smith Barney, Emma Smith, Jolene Estimo Pitt—of the Let's Talk Diversity Coalition—were joined by student volunteers Kaydence and Truman Estimo for the Pi-Um-Sha Health Fair.

There were hundreds of participants at this year's Health Fire, this year celebrating its Nineteenth Anniversary.

As part of their program, Dorothea asked both youth and adults to 'spin the wheel,' and give input

about one of the eight social determinants of health.

This was part of the Let's Talk Diversity Coalition community input process, prior to finalizing the survey.

The Coalition meets monthly, the second Monday of each month, from 4 to 6 p.m., alternating between Madras and Warm Springs.

The next Coalition meeting will be at the Museum at Warm Springs on Mon-

One chance...

Sometimes that's all you get to do it right. Other times, do-over's are permitted and expected. It depends upon the task or the task-master.

Good preparation helps. Inadequate preparation will most likely ensure failure.

Some failures hurt more than others. Recovery may depend upon the type and degree of injury.

I was 15 when I decided I wanted to hunt on horseback. I was advised that anyone can shoot off a horse—once! The meaning was pretty clear.

After the shot, the deer was supposed to be on the ground and I was not. I needed a gun-savvy horse. Lacking that, I would have to train one. I lucked out.

A cousin loaned me one

of his for the summer. We didn't have limits in the early '50s and my little 25-35 didn't spook the horse. That was a fun summer. We were prepared. The right horse was available. And the deer were tasty.

Life is all about preparing and doing. The preparations will vary from the general to the specific.

For a job interview, you should know as much as possible about the business and the job. You should be prepared to discuss what you will bring to it. Knowing something about the interviewer might help.

A sales presentation requires knowledge of the product being sold and some basic and maybe more refined sales techniques. Knowing something about the potential buyer helps. Another skill to learn.

Preparation for a debate would include knowing your stuff and your opponent's stuff; this way, that way, and

every way possible. Think of stuffing a turkey; know your stuff and stuff it with care and class.

Purchasing or starting a business requires a lot of preparation. Your goal is to maximize chances for survival and success.

The learning involved can come from a variety of sources: work experience, scheduled trainings, schools, mentors, friends, family, and even chance happenings and observations. Then the task is to keep on learning.

Where and when do these preparations and learnings begin? My answer would be at home and from birth.

Yeh, I know it took me a long time to get here but this really is for all you parents.

Parents are responsible for the child until the child is grown up enough to take over that responsibility.

You are the ones best

Indian Business Talk

situated to get your kids off to a good start and to keep on prepping and prodding them onward.

Prepping them for school is just one thing; but, your work doesn't end there. Once they are in school, you can keep on checking on their progress by asking them what they learned that day.

Some teachers do that every day as their students leave the room. The answers can tell them a lot about how well they have done as a teacher.

Sometimes the last kids to leave class have the best answers. Wonder why? Maybe it's another teaching technique.

So let's end this with a wish that all kids do well and enjoy school. Good results will last a lifetime.

The next school year is coming on fast.

Are kids ready?
Are parents ready?

Team going to championship tourney

The Blazing Blazers eighth-grade girls basketball team has qualified to play in the National AAU Basketball Championship tournament in Orlando, Florida. The team, coached by Tony Holliday, will represent Warm Springs at the tournament.

The team and family have been hosting food and other sales, and Bingo to make the trip to Florida. They'll host a barbecue this Friday, July 6 across from the Warm Springs Market, starting at 11 a.m.

They're hosting a 50/50 raffle. Tickets sales will be drawn after the barbecue. Tickets are \$5.

A Dinner Bingo Night is coming, date to be announced. All donations are gladly accepted.

Please support our girls in reaching their goal in representing Warm Springs and the tribes at the AAU Basketball Championship, July 13-17.

~ Lillian 'Squeeze' Runningwolf ~

Dear Family and Friends,

I would like to let you know of our aunt Lillian 'Squeeze' Runningwolf has passed away following a lengthy illness. She is the youngest sister to Margaret Buckland and daughter to Myrtle Smith.

Squeeze passed away in Reno, Nevada on April 22, 2018. We are following her wishes and her service will be in Browning, Montana, where she grew up.

She is survived by her sister Darlene Parker from Rockyboy, Montana; Neva Runningwolf from Browning, Montana; and her only brother Gene Bunny Runningwolf from Lawrence, Kansas.

She was surrounded by her family and her two nieces Sheryl Courtney and Carla Buckland, her sons Myrt Runningwolf and Stan Runningwolf, and grandson Guy Runningwolf, who was with his grandma for the nine months while she received her treatments; along with her

best friends who drove down to Reno to be with her, Eva 'Tiny' Cobell and Punkin Laplant. She called them the Golden Girls.

She is also survived by her daughter Neva Lawrence of Browning. We both will be traveling to Browning on July 12. Rosary will be held at the Last Star community building on July 13 at 7 p.m. Services will be in Browning at the Little Flower Catholic Church on Saturday, July 14 at 2 p.m.

We will also be setting our mother Margaret Buckland's headstone after the services on July 14

at her gravesite in Browning. We will be taking Squeeze's ashes over Glacier Park on Sunday, July 14 to spread them in the park she loved so much, and the family will be having a big picnic in honor of both Squeeze and Margaret.

We would like to invite any and all to pay their respects to these two wonderful women. Both are missed by our family.

I have checked on hotels in Browning. Holiday Express is pretty spendy, but there are hotels in Cutbank, Mt. Glacier Gateway Plaza, 406-873-5544: \$90 per night has a double room, and couple of kings for \$90 per room. Or the Super 8, 406-873-5662 for \$125 a night.

You are more than welcome to bring a tent and cam out in my grandma Myrtle Smith's back yard.

If you have further questions please call Sheryl Courtney at 541-325-1721, or Carla Buckland at 541-233-6092.

Resolutions of Tribal Council

Opioid lawsuit

Whereas Tribal Council recognizes that the use and misuse of opioids has increased dramatically, and that such use and misuse has caused a health and societal crises across the United States and on Indian lands; and,

Whereas the Tribe and its members have suffered and continue to suffer serious impacts to their health, families, and community as a result of the opioid crisis;

Whereas Tribal Council finds that it is in the best interests of the Tribe and its members to pursue litigation and seek damages from the contributors of the opioid crises for the harm suffered by the Tribe and its members and to further seek intervention by a court of appropriate jurisdiction to abate and remediate the practices that have contributed to the opioid crisis; and,

Whereas, to pursue such litigation, the Tribe desires to retain the law firms of Skikos Crawford Skikos & Joseph, LLP and Johnson, Johnson, Lucas & Middleton, P.C. (together, the "Law Firms"); now, therefore,

Be it resolved by the Twenty-Seventh Tribal Council of the Confederated Tribes of the Warm Springs Reservation of Oregon, pursuant to Article V, Sections (b), (l), and (u), of the Tribal Constitution and By-Laws, that the Tribal Council hereby authorizes and approves the engagement of the Law Firms on the terms and conditions substantially set forth in the Legal Services Agreement attached hereto as Exhibit A; and,

Be it further resolved that Tribal Council hereby authorizes the Chairman, Vice Chairman and Secretary-Treasurer/CEO of the Confederated Tribes of the Warm Springs Reservation of Oregon in consultation with the Tribal Attorneys and the Law Firms to take all actions necessary in the course of any litigation contemplated in this Resolution, including but not limited to approving the filings of any pleadings, the issuances of and responding to discovery requests, and employment of third-party vendors, together with approval

of any publications or outside communications regarding the Tribe's involvement in any such litigation, provided, however, that any offers of settlement and any final settlement agreement must be approved by further resolution of the Tribal Council. *Resolution no. 12,489.*

Timber LLC

Whereas the Confederated Tribes of the Warm Springs Reservation of Oregon is a federally recognized tribe, organized pursuant to the Constitution of the Confederated Tribes of the Warm Springs Reservation of Oregon, approved by the Secretary of the Interior on February 14, 1938 (the "Constitution"); and,

Whereas, pursuant to Title IV of the Indian Self-Determination and Education Assistance Act, Pub. L. 93-638, the Tribe and the United States Department of the Interior ("Interior") have entered into a compact of Self-Governance (the "Compact"); and,

Whereas, pursuant to the Compact, the Tribe has assumed responsibility for the implementation of, among other things, Interior's forestry program (the "Forestry Program"), which was previously administered by the Bureau of Indian Affairs ("BIA"); and,

Whereas in the Compact, the United States expressly reaffirms its trust responsibility to protect and conserve the trust resources of the Tribe and its members; and,

Whereas the Tribe has delegated the implementation of the Forestry Program to the Branch of Natural Resources, Forestry Department ("BNR Forestry") and Timber Committee; and,

Whereas BNR Forestry undertakes forest land management activities pursuant to the Compact and the National Indian Forest Resources Management Act, 25 U.S.C. §§ 3101 *et seq.* ("NIFRMA") and its implementing regulations, 25 C.F.R. Part 163, and Tribal Ordinance 74; and,

Whereas the Tribe has formed (and is the sole member of) the Warm Springs Timber Company, LLC, a Confederated Tribes of Warm Springs limited liability

company (the "Timber Company") for the purpose of obtaining the highest overall value for the Tribe's timber resources through prudent harvesting, merchandising, and reselling of the Tribe's timber; and,

Whereas the Tribe has also designated the Timber Company as the Tribe's Indian enterprise for purposes of 25 C.F.R. Part 163; and,

Whereas, pursuant to Tribal Resolutions 12,278 and 12,354, Tribal Council authorized the Timber Company to be the primary purchaser of the Tribe's timber in 2017 and also directed BNR Forestry and the Timber Company to enter into a written memorandum of understanding, setting forth the parties' roles and responsibilities with respect to the Tribe's 2017 Timber Sale Program; and,

Whereas Tribal Council believes that it is in the best interests of the Tribe that the Timber Company continue to operate as a going concern and as the primary purchaser of the Tribe's timber; and,

Whereas Tribal Council believes that it is in the best interests of the Tribe that BNR Forestry and the Timber Company enter into an amended and restated memorandum of understanding in substantially the form attached hereto as Exhibit A ("MOU"); now, therefore,

Be it resolved by the Twenty-Seventh Tribal Council of the Confederated Tribes of the Warm Springs Reservation of Oregon, pursuant to Article V, Sections 1(a), (c), (f), (l), and (u) of the Tribal Constitution and By-Laws, that the Tribal Council hereby:

(a) Affirms that each "Whereas" in this Resolution is true and correct in all material respects; and

(b) Approves the MOU and directs BNR Forestry and the Timber Company to execute the MOU and implement it in good faith. *Resolution no. 12,495.*

Eels harvest

Whereas the Treaty with the Tribes and Bands of Middle Oregon on June 25, 1855 secured to the Confederated Tribes of the Warm Springs Reservation of Oregon the right to take fish at all usual and accustomed stations in common with citizens of the

United States, and Willamette Falls of the Willamette River at Oregon City is one such treaty-reserved "usual and accustomed" fishing station; and,

Whereas for not less than time immemorial Warm Springs tribal members have harvested eels, also known as lamprey, at Willamette Falls, Bull Run, Sandy River, Clackamas River, North Santiam River, 15-Mile Creek, and at other "usual and accustomed" fishing stations to use for ceremonial, subsistence, and other purposes; and,

Whereas it is important as an exercise of sovereignty and to meet the conservation needs for the resource that the Tribe actively manage the eel fishery at Willamette Falls; and,

Whereas Section II J. of the 2008-2017 *United States v. Oregon* Management Agreement, executed on May 9, 2008 by the Warm Springs Tribal Council Chairman, and on May 20, 2008 by the Director of the Oregon Department of Fish and Wildlife, which is an Order of the Federal District Court of Oregon in case Civil No. 68-513-KI requires a process that includes discussions between the State of Oregon and Warm Springs and other party Tribes each year to establish lamprey take (harvest) levels at Willamette Falls each year; and,

Whereas those take or harvest levels of lamprey at Willamette Falls are managed by and through regulations establishing the time, place, and manner of lamprey harvest; and,

Whereas the State of Oregon did not enter into the process as required by the 2008-2017 *United States v. Oregon* Management Agreement to work with Warm Springs and other party Tribes to set the annual take regulations, and unilaterally declared what the 2014 Willamette Falls take regulations would be in a letter dated May 27, 2014, and moreover said letter is represented as a "permit" issued by Oregon for lamprey harvest at Willamette Falls; and,

Whereas the Tribe's lamprey harvest at Willamette Falls is pursuant to its June 25, 1855 Treaty with the United States, and no license, permit, or authorization of any type by the State of Oregon is necessary for the Tribes' harvest of lamprey at Willamette Falls, and therefore, the Tribe does not acknowledge or accept the purported permit offered by the State of Oregon; and,

Whereas, notwithstanding the State of Oregon's failure to abide the process required by the Management Agreement, and the Tribes' rejection of the offered State of Oregon "permit", the Tribe desires to maintain a status quo with respect to Willamette Falls lamprey take regulations to provide for a conservative harvest, and also to facilitate the resolution of lamprey harvest issues at Willamette Falls at a manager-to-manager level in the appropriate *United States v. Oregon* process rather than through litigation, the Tribe will regulate its Treaty lamprey harvest as it has in prior years; now, therefore,

Be it resolved by the Twenty-Seventh Tribal Council of the Confederated Tribes of Warm Springs Reservation of Oregon, pursuant to Article V, Section 1(l) and (u), of the Tribal Constitution and By-Laws and pursuant to Warm Springs Tribal Code Section 340.300 that the 2018 EEL Fishery regulations hereby approved, adopted and enacted by the Tribal Council of the Confederated Tribes of the Warm Springs Reservation of Oregon:

1. Tribal members wishing to take eels for ceremonial and subsistence purposes must carry tribal enrollment cards to fish under claim of treaty rights. Enrollment cards must be in possession while fishing.

2. Harvest is allowed through August 15.

3. Harvest is allowed at Willamette Falls by hand or with hand powered tools. The open area is noted on the map (attached to resolution as an exhibit, available at BNR).

4. Harvest is open 7 days per week of each month unless limited for conservation measures.

5. Fishing hours are sunrise to sunset.

6. This is a subsistence fishery as defined by Tribal Code 340.100.

7. BNR personnel shall monitor and enforce the fishery with regard to Warm Springs members participating in the 2018 fishing season at Willamette Falls;

8. Harvesters will allow Warm Springs BNR personnel to creel lamprey catch.

9. BNR will offer creel data collected to ODFW at the end of the harvest season.

10. Incidental harvest of salmon, steelhead or trout may be kept for ceremonial or subsistence use. *Resolution no. 12,496.*

At the Museum at Warm Springs

The Museum at Warm Springs is celebrating its Twenty-Fifth Anniversary.

A special exhibit currently on display is the *Patriot Nations* banner exhibit from the National Museum of the American Indian.

In the Changing Exhibits hall is *Memory of the Land*, art from the museum's collection, other museums and private collections, celebrating the history of the Confederated Tribes. Also coming up:

August 18: The Huckleberry Harvest annual banquet and auction.

October: Middle Oregon Treaty of 1855 display.

October 25-27: Treaty symposium.

November: Twenty-Fifth Annual Tribal Member Art Exhibit.

'Art in the West' brings work of premier Western artists

The High Desert Museum this month will unveil an extraordinary collection of work by artists from across the West.

Art in the West will open July 27. This year's exhibition features 76 works by 46 artists.

"The artwork featured in *Art in the West* showcases the inventive and varied ways in which artists respond to the landscapes, history, people and wildlife of the High Desert," said Andries Fourie, museum curator of art and community engagement.

"The exhibition gives museum visitors the opportunity to view the rugged splendor and unique stories of the West through the eyes of its most creative residents."

The free opening event on July 27 offers the public a first viewing of the exhibition as well as the chance to mingle with a number of the artists. Silent bidding will begin that evening, and there is also the opportunity to purchase artwork outright.

The bidding culminates August 25 at the Twenty-Ninth Annual High Desert Rendezvous, the museum's main fundraising gala.

"We're extremely grateful for the regionally and nation-

Award-winning artwork, *Keeper of the People*.

ally acclaimed artists who submitted pieces for jury consideration and are pleased to present this exceptional collection of works," said Dana Whitelaw, museum executive

director. "Each year, this exhibition showcases an inspiring range of artists' interpretations of the stories of the West, from reflections on culture to the uniqueness of

the landscape."

This year's Curator's Choice Award was presented to Ben Pease from the Crow and Northern Cheyenne Nations in southeast-

ern Montana for his piece *Keeper of the People*. The Jury's Choice Award went to Utah-based artist Hadley Rampton for her piece *Vista*.

These works will be featured within the exhibit and available for bidding.

Opening bids for the art range from \$100 to \$5,000. In addition to the reception, bids for the artwork will also be taken throughout the exhibition in the Museum's store, Silver Sage Trading, or by phone until 2 p.m. on August 25 at 541-382-4754, ext. 365. Final bidding will occur that evening at the High Desert Rendezvous.

Proceeds from the *Art in the West* auction and the High Desert Rendezvous help support the museum's education programs, bringing science, art and history education to lifelong learners throughout the region.

A link to the gallery guide of the exhibit artwork is available on the Museum's website at:

highdesertmuseum.org/art-west-exhibit.

The gallery guide is also available for purchase in the museum store. For more information and to RSVP for the Art in the West reception, visit highdesertmuseum.org/art-in-west.
