Council session with Rep. Walden

The Tribal Council hosted a visit from Congressman Greg Walden last week. The group was joined by Warm Springs Managed Care director Mike Collins; Government Affairs director Louie Pitt; and tribal attorney John Ogan.

Rep. Walden is a sponsor of a bill that would remove the Huntington document from the federal record books. The Huntington document of 1865 purports to repeal some provisions of the tribal-U.S. Treat of 1855.

Walden said the Huntington document is an ‘historical anomaly’ that is a blemish on the federal government relations with the tribes. He said he is happy to work with the tribes on its official removal.

The Twenty-Seventh Tribal Council will be leav-

ing office soon, and the removal of the Huntington document is a final priority project, said Councilman Ron Suppah, who has worked with Walden on the issue.

From Managed Care, Mike Collins said the tribes are contending with expen-

sive patient bills from tribal patients who are referred to outside medical providers.

The tribes have been responsible for bills up to \$200,000, in one case at least. The situation would not be sustainable for the tribes, Collins said. The

tribes would be a pioneer in resolving this problem, he said.

Other items of discussion were protection of the Crooked River wildlife area; and the tribes’ water and other infrastructure needs.

\$1.36 million grant for housing

The Confederated Tribes of Warm Springs will receive \$1.36 million to support affordable housing on the reservation.

The grant is part of a \$15-million HUD package to the nine tribes of Oregon. U.S. Sens. Ron Wyden and Jeff Merkley made the announcement last week.

Of the eight other tribes, the Siletz will re-

ceive \$3.95 million; and the Grand Ronde, \$3.08 million. And other awards:

Burns Paiute, \$117,109. Coos, Lower Umpqua and Siuslaw Confederated Tribes \$929,652. Cow Creek Band of Umpqua, \$923,649.

The Klamath Tribes, \$2.77 million; and the Umatilla, \$1.87 million.

School district board positions on May ballot

The Jefferson County School District 509-J has two positions opening on its board of directors.

The open seats are 509-J position No. 4 and No. 5.

The election will be on May 21, in a vote-by-mail special election.

There is time to register to vote in the election, or to update your voter registration.

The deadline is April 30. If you register online, at oregonvotes.org, you would have until 11:59 p.m. on April 30 to register.

County jail

Jefferson County is also proposing a 3-year jail operating levy on the

May ballot.

An earlier 5-year levy proposal failed at the polls.

The county reduced the proposal to the three years, and is re-submitting the question on the May 21 ballot. The ballot question reads:

Shall a tax of \$1.39 per \$1,000 assessed value be levied for jail operations commencing FY 2019-2020 for three years?

Passage of this measure would cause property taxes to increase more than three percent. Reservation and trust property of the Confederated Tribes is not taxes, so this aspect of the measure would not apply to the tribes.

My hopes

My people, these are my hopes for Council. The weed project should be abandoned. Hemp has been legalized across the country—There is no money there. We have a golf course and Moody Ranch. All the money wasted on another building could toward strawberries, grapes, sweet potatoes, to name a few. That would allow us to open the hamlets for our people. No money is our golf course! Attracting people out there is too hard. Say no to tourism. We also have an abundance of mushrooms. We have programs that can bus our people to the site. Remove the outside people from doing this—Promote your people!

We were burned out of our timber because the high lakes were opened up. Back then I stood up and demanded that the lakes stay closed. We are not a national park. There is a natural pull to the bottom of the Lionshead Lake in the center. I spent over four minutes walking on sharp limbs before I was let to the surface. I was 13. My cousin and I swam over and back. Work with Lapwai on Bingo. They will help us. Old sporting friends. Sporting is legal for us—We are behind on this big money maker!

Our junior high, there is grass all over—Lay out a small golf course around it. South Korea is a small country, yet they are the best golfers in the world. A small way to inspire our young!

High Lookee has become too expensive for our people to retire to. We were misguided. A big chicken ranch, Use it to help High Lookee. Eggs to meat, a good way to feed ourselves and our people. Countries

Nutrition training scholarship at Head Start

Danni Katchia was awarded the National Child Nutrition Conference Scholarship.

The award comes from the Child and Adult Care Food Program Community.

The scholarship is a rare win: The national association awarded just 15 of the scholarships, out of close to 2,000 submissions. The training conference is this week in Chicago.

Danni is the Health and Safety Nutrition director for Head Start and Day Care at the Early Childhood Education Center.

She works with the food services manager Louisa Fuentes to ensure the meals to the

children are nutritious, meeting and exceeding the federal guidelines.

They serve 126 students through Head Start, and about 100 in Day Care; so the number of meals is large.

Danni has been with Head Start-ECE for almost years.

In her application for

the scholarship Danni showed her dedication to continual improvement through professional development.

Since 1986 the National Child and Adult Care Food Program Community the leading national organization for sponsors who administer the USDA Child and Adult Care Food Program.

Kindergarten Readiness looks at Math

Families can help prepare pre-schoolers who will be attending kindergarten in the new school year by working on skill development at home.

When it comes to math you can work on laying the foundation for conceptual understanding of numbers, their relationship, combinations and operations.

Incoming kindergarten students should be able to:

- Know that numbers tell ‘how many.’
- Count to 20.
- Identify the numbers 0-10.
- Count our 20 objects.

- Identify shapes—circle, rectangle, triangle, square.
- Describe where things are—above, below, beside, in front, in back, next to, left and right.

Healthy living: The benefits of stretching

Stretch it out! — Stretching helps keep you limber, relaxed and lessens your chance of injury.

Always stretch within your comfort limits and never to the point of pain.

When you stretch, take your time. A long sustained, mild stretch reduces unwanted muscle tension and tightness.

Hold each stretch for at least 15 seconds. Don’t bounce when stretching.

Breathe easily and try to relax as you increase your stretch. Tune into your body and focus on the muscles and joints being stretched.

Plan for second annual fire fighter memorial

The Confederated Tribes Fire Fighter Memorial has been set for October. This year's event will be at the Agency Longhouse, as long as the facility is available. The memorial will be on October 5.

This year the group will be recognizing the original Inter-Agency Hotshot Crew, or the Warm Springs Forest Crew, which they were known as in the early 1980s.

All families are welcome to participate in honor of a loved one on this day. Whether your loved one was on the crew in the past or not, this is a recognition day for all past fire fighters from here or other

agencies.

Last year we had approximately 250 community and family members from Warm Springs and other agencies.

We will be having fundraisers up until October 5; so come out and support the cause. Donations are also accepted. Our goal is to raise \$8,000 this year.

We will keep the community informed as the date approaches. If you have any questions, feel free to contact me at 541-553-3136.

Thank you,
Luther Clements.

Community notes...

While the project was praised for generating electricity for the area and irrigating farmland, indigenous tribes mourned the loss of traditional fishing grounds but hope negotiations over a 1964 treaty governing the river could resolve this.

Museum exhibit features extraordinary Cradle Boards

Our children were adored—From their first baby boards to the clothes they wore when they began to walk, and the toys and dolls they played with.

These exquisite items expressed the family's deep love for the child. Yet of all the beautifully made childhood treasures, the cradleboard was by the far the most extraordinary.

The Museum at Warm Springs invites you to the exhibit—Babies First Home: Cradle Boards of the Confederated Tribes of Warm Springs—on display through early June.

For the exchange students

Letter in support of Miller for 509-J school board

I write this letter in support of Carina Miller, who is running for seat no. 5 on the Jefferson County 509-J school board.

I have known Carina all her life and have spent the past three years working

with her on the Warm Springs Tribal Council.

At that table she has been an advocate for children, families and education.

She is a hard worker and cares deeply about people.

Carina has educated her-

self about unfamiliar issues and has the ability to consider multiple perspectives in search of true solutions.

The Warm Springs and Madras communities are linked in many ways, one of which is our public edu-

cation system.

We all want what's best for all our children and I know Carina Miller would contribute to that as a school board member.

Thank you.

W.S. Extension vaccination clinic helps horses

If you are a horse owner and plan a trip out of state, you are required to obtain a health certificate from a veterinarian and have proof your horse has been Coggins tested.

The test was developed by Dr. Leroy Coggins in 1970 and remains the most definitive test for Equine Infectious Anemia.

All states require a negative Coggins test before a horse may be transported across state lines.

Most horse shows, rodeos, and auctions where horses are gathered in one place require a negative Coggins test for all horses entered.

The clinic will run from 10:30-12:30 on Wednesday, May 15 at the Warm Springs rodeo arena.

Depending on the state or competition, this negative test must have been obtained during the previous 6-12 months. The Coggins test is simple, inexpensive, and well worth the peace of mind that comes from knowing your horse remains negative for EIA.

Sometimes referred to as horse malaria or swamp fever, Equine Infectious Anemia (EIA) is a nasty virus that causes destruction of the horse's red blood cells, causing anemia, weakness, and death. The EIA virus is primarily spread through biting insects like horse and deer flies. EIA may also be spread through contaminated needles or surgical instruments.

Oregon State Extension will be hosting a Coggins testing and annual horse vaccination clinic on Wednesday, May 15. A USDA veterinarian will be there to provide Coggins testing, annual vaccinations and de-worming for your horse.

The clinic will run from 10:30-12:30 at the Warm Springs rodeo arena.

If you are interested in getting your horse tested, please call the Warm Springs Extension office at 541-553-3238; or Scott Duggan at 541-480-3091.

We need to know how many horses you want Coggins tested, if you want the annual four-way vaccine given and if you want a de-wormer for your horse.

We have to order vaccines two weeks before the clinic so you need to contact us in advance for this service. Check out the OSU Extension Warm Springs Facebook for more information.

A thank you for Hands Around the Courthouse

The Warm Springs Victims of Crime Services would like to take the time to thank the following people that helped make our Eighth Annual Hands Around the Courthouse event a success. We had a very good turnout and it all went great.

We would like to thank Pastor Larry of the Warm Springs Baptist Church for the opening prayer; Sarah Frank, who was our guest speaker with her powerful

testimony; and our drummers—Mackie, Dasan , Hobo, Austin, William and Aaron.

We would also like to recognize all of our donors that helped make our light lunch possible: Indian Head Casino; Composite Products; Erickson’s SENTRY; Warm Springs Ventures; Warm Springs Credit; Rainbow Market and the Warm Springs Market.

Thank you to Hunan Chinese Restaurant, DMJ Automotive Cup-n-Cake for the items that were used as raffle prizes, and the Museum at Warm Springs, Salmon King Fisheries and Dancing Bean for the items that were gifted to our speakers.

Last but not least we would like to thank everyone who showed up and participated, as well as our volunteers and community

partners—Saving Grace, Jefferson County Victims Assistance and Haven from The Dalles—and Aldo and friends from Best Care in Madras.

This would not have been possible without any of you. We look forward to another successful event next year!

Thank you, from the Victims of Crime Services staff here in Warm Springs.

Invitation to join Public Health Preparedness Exercise

Warm Springs entities are invited to participate in a county Public Health Preparedness Exercise on May 10.

Departments and other groups invited to hand out free hygiene kits to clients, community members, and anyone who needs or asks for one, 14 years or older.

The exercise is a test of the county Health Department to deliver a medical counter-measure to the community during an emergency.

A medical countermeasure could be vaccinations or pills that prevent further spread of a disease or

chemical agent or reduces the severity of symptoms in people that are infected or exposed. In this test, our ‘medicine’ is the hygiene kits.

It’s a great way to test our emergency response capabilities while also providing a free benefit to Jefferson County residents.

The kits will include conditioner and shampoo, deodorant, antibiotic ointment, soap, emery board, mini toothbrush and toothpaste, shave cream and razor, comb, and feminine hygiene products (half of the kits will have these). Other items are also included.

There are two ways to do

this:

Be an ‘open point of dispensing,’ where you hand kits out to anyone in the community. You department or group will be advertised as a place to walk-in and pick up a kit. The Health Department will then call a few weeks after May 10 and see how it went distributing the kits.

Second: Be a ‘closed point of dispensing,’ where you hand out kits only to your clients and staff.

The Health Department will deliver the kits to your organization on May 1, if you are interested in helping.

There are a total of 2,500 kits that will be distributed

across many different organizations.

You can be a permanent site for a real emergency to dispense medication to the community, and can choose to be an open or closed site by filling out the form linked in the attached flyer.

Please reply back and let the Health Department know if you want to join. If you have an idea of how many kits you’d like to take out of the 2,500 kits, please indicate the number.

First Thursday starting

The Madras Downtown Association is bringing back the highly successful First Thursday Events starting May 2 with a Fiesta theme.

There will be numerous vendors along D Street, and dancers from Studio K & Unique Performing Arts will perform in the Sunshine Square.

Reynoso’s Jewelry will be bringing in Mexican food via antojitos, or small market stalls, serving tacos, tamales, fruit cups, and fruit water drinks that people can purchase as they watch the dancers.

The Art Adventure Gallery’s monthly opening will celebrate the Community Read, *Birding Without Borders* by Noah Stryker, with art selected to feature birds. They open at 5 p.m. with a light spread of appetizers and will have a brief discussion about the featured art exhibit.

Studio on Fifth will be continuing to hold their carving sessions on Thursday nights, and is a great demo spot to visit and community members are invited to enter the studio for a closer look.

The Patty Davis Band will be playing at Wild Bleu with Bad Pacifist playing at Willow Creek Taproom, located next to OK Barbershop in the food truck alley. Both bands will be live from 6-8 p.m.

According to Kim Schmith, who helps with the First Thursday Events, the goal this year is to, “strengthen the depth of our vendors, create even more options for the entire family, showcase local businesses and promote the growing vibrancy of downtown Madras.”

If you would like information on vending, you can contact Leah Guliasi, IDA Program administrator at the Warm Springs Community Action Team, 541-553-3148. Or email: wscat.org

Toxics killing young salmon, study says

Young salmon swimming in the Willamette River are taking in toxins and dying before they can make it back out into the ocean, according to a recent study by NOAA Fisheries.

All the juvenile salmon tested were found within the Portland Harbor Superfund site just north of downtown Portland. The study found toxins like PCBs and DDT are making their way into

juvenile Chinook salmon through the food they eat in that area. As a result, those salmon, all less than a year old, are likely not surviving long enough to make it back to the ocean.

But the study also pointed out that there is one thing we can do to help the fish survive. The researchers said if the contaminants are cleaned up, the salmon population in

the Willamette River would increase significantly.

“Our modeling suggests that we may be seeing, in the future, as much as a 20 percent increase in the number of adults that come back to spawn as a function of removing a lot of these toxics in the lower part of the river,” said eco-toxicologist Nat Scholz who was also lead author on the study.
