School Barbecue this Thursday, August 29 from 4 to 6 p.m., at the Warm Springs Academy. Principal Van Dyke comes to Warm Springs from Montana, where she was principal at the St. Charles Mission School, located by the Crow Reservation near Billings.

Ms. Van Dyke is originally from Walla Walla, later moved to Gresham, Myrtle Beach, South Carolina, and Montana. She arrived in Warm Springs just last Sunday evening, and was at work at the Academy the following morning. The first day of school is Tuesday, September 3, so kindergartners, here enjoying their breakfast, returned earlier in August to the Warm Springs Academy.

According to the August 2019 report, Indian Head employs 158 people. The breakdown is as follows: Tribal members, 53 percent. Matted into the mix, 6 percent. Other Indian, 11 percent. Non-Indian, 19 percent. And there are several open positions.

The Travel Plaza employs 53 people. Tribal members, 44 percent. No MTS, Other, 18 percent. Non-Indian, 18 percent. And few open positions.

Some other items from Indian Head: September-October will see an ATV Giveaway. Jackpots are up in 2019, the report says. At the Plateau Travel Plaza, some Composite product lines have been high in recent days, leading the growth.

aise is being used in a reduction in its timber revenue putting down the $3.5 million reduction for the current year was close to $2.5 million, for 2020 the number is greatly reduced. Other enterprises—to particularly Power and Water, Indian Head Casino and Credit—are projecting greater dividends for the next year, though their increases would just be enough to offset the reduction. A possible approach will be for the tribes to really focus on the $3.5 million reduction or to increase revenues by $5.5 million, and Michelle Suwyn, Secretary-Treasurer/CEO.

Enterprise updates at district meetings

The Warm Springs Academy principal Bambi Van Dyke.

Mr. Van Dyke is having a busy week getting to know the staff and preparing for the start of the new year. Meanwhile in some other developments: The Academy is talking with the Warm Springs Boys & Girls Club to locate the club at the school, giving the students exposure to clubs to the activities. And the Academy continues to work with Culture and Heritage to bring language, tradition and culture lessons to the school.

Tribal Council, Management and Finance are preparing the 2020 budget proposal for presentation to the membership at the October district budget meetings. Management and Finance plan to have a proposed budget for Council in early September. The Tribal Council for the rest of the organization must meet the departments, Indian Head Casino, Finance and enterprises to hear their individual budget updates. At the end of the meeting, Council will then approve a proposed budget number that cannot be exceeded for expenditures during the following year.

The current year budget was approved at $18.4 million. For next year a preliminary estimate forecasts a budget of $14.8 million—a decrease of approximately $3.5 million. Some reasons for the decrease:

- The Timber LLC is using a reduction in its timber revenue of $1.5 million. And the Carbon Sequestration (Warm Springs Geo Visions) dividend payment for the current year was close to $2.5 million, for 2020 the number is greatly reduced.

Other enterprises to particularly Power and Water, Indian Head Casino and Credit—are projecting greater dividends for the next year, though their increases would just be enough to offset the reduction.

The apparent cause has been the rate at which the water treatment plant has been able to fill-up the reservoirs. The tanks were continuing to boil in July and early August. The boil water notice was lifted two weeks ago, July 22. The Water and Waste and Management continue to encourage water conservation. The boil water notice was held in high in recent days, leading to the low reservoir.
