Community update

The Warm Springs Covid-19 Response Team and Tribal Council would like to thank everyone in the community who has been vaccinated against Covid-19; and those who continue to practice the safety measures that are helping the tribes meet the challenge of the virus.

A recent update indicated no known active cases on the reservation; though some positive cases were reported among members living off the reservation.

The Response Team report from earlier this week said no one of the tribal community was hospitalized with covid.

Still, the virus poses a most serious threat: Prevelance of the highly contagious variants has required the Response Team and Tribal Council to adopt new guidelines for all tribal buildings (see article below right).

Health statistics show that Covid-19 was the leading cause of death on the reservation in 2020. Since last March, the virus has led to the loss of 25 tribal members, the data shows.

If you would like to be tested for Covid-19, check in at the front gate at the Warm Springs Health and Wellness Center, and they will direct you where to go.

You can call to schedule a vaccination anytime at the Health and Wellness Center, 541-553-2131. Anyone 12 and older who is IHS eligible, or who lives or works on the reservation, and their family members can be vaccinated. Vaccinations remain the primary way to bring covid under control.

Celebrate at Casino

Indian Head Casino this weekend will host the Twenty-Fifth Anniversary Celebration of the casino opening. The schedule this Saturday, August 14 is as follows:

Saturday, August 14: 2 p.m. Opening Prayer and Welcome.

2:30: Gifts and cake.

2:30-5:30: Bingo for all ages.2:30-6:30: Family friendly

2:30-6:30: Family friendly events—including a Bouncy House, Water Slide and Velcro Wall.

2:30-8: DJ Music.

2-8 p.m.: Community food and craft vendor booths (applications available at the Players' Club, IHC social media; or:

indianheadgaming.com of events is as follows:

This Friday, August 13, from 6-11 p.m. will be the \$25,000 Weekend Drawings.

Saturday, will also have the \$25,000 Weekend Drawings. And the Slot Tournament is on Sunday, August 15 from 2-4 p.m.

Indian Head Casino opened in 1995 at Kah-Nee-Ta. The casino relocated to its current Highway 26 location in February of 2012. Indian Head now employs between 165 and 185 people.

School year to begin with mask requirement

As the new school year begins in September, masks will be required for students, teachers and anyone else inside of a school building.

This will apply at all schools of the Jefferson County 509-J district, including the Warm Springs Academy.

As partners at the Academy, the school district left the mask-mandate decision to the tribes. Based on updated covid safety guidelines of Tribal Council, regarding masking in all tribal buildings, the mandate applies at the Academy.

Tribal Health and Human Services general manager Caroline Cruz, Covid Response Team member, presented the tribal covid protocol to the school board this week.

"The tribe has not reached the 70 percent vaccination rate for those 12 and older, leaving children under 12 more vulnerable, especially with the more serious variants," Ms. Cruz said.

The new tribal safety protocol, regarding masking and other measures, took effect this week. Part of the protocol states clearly: "Masks are now required for all to wear inside public buildings."

The mask mandate for the high school and other schools of the district comes from Gov. Kate Brown, the Oregon Health Authority and the state Department of Education.

Changes in the masking situation have developed quickly, over the past few weeks. The emergence of the highly contagious delta variant, and other variants, are factors; plus vaccination hesitancy.

Earlier this summer, Gov. Brown was considering leaving the masking question up to the individual school districts. This was in keeping with the guidelines from the U.S. Centers for Disease Control. Then the delta variant led to covid surges and hospitalizations in many states, including Oregon. And younger people were becoming sick with the virus.

The Centers for Disease Control then issued new guidance: "The CDC now recommends that all students and staff should wear masks inside schools, regardless of whether he or she is vaccinated."

Gov. Brown then directed the Health Authority and Education Department to develop the new statewide policy. This month the Health Authority issued the new guidance, called the Resiliency Framework, "requiring face coverings in all indoor school settings, both public and private, for all individuals 2 years and older, including all students, staff, contractors, volunteers and visitors."

The school district is responding, "planning to hold full-time, in-person instruction five days a week for the upcoming school year," said 509-J superintendent Jay Mathisen. "We know this is when kids flourish most. Let's stick together in these challenging times."

Ms. Mathisen says he continue to advocate for local control on the masking question, while preparing to meet the latest state mandate.

— Dave McMechan

The Eugene Cougar Greene American Legion Family #48 and the Confederated Tribes hosted the Welcome Home Vietnam Veterans Day Parade, Saturday, August 7, honoring the men and women who served in the Armed Forces during the years 1955-1975. There was a great turnout for the parade, as the annual event was welcomed back again following a one-year delay.

Tribes revise Covid-19 safety measures

Following recent developments in meeting the ongoing challenge of the Covid-19 pandemic, the tribes' Response Team recommended new safety measures. Tribal Council then approved the recommendation.

Effective immediately, the protocol applies to all tribal buildings, enterprises and the community. Factors leading to the enhanced safety measures are concern about the low overall vaccination rate, especially for young people; and the strength of current Covid-19 variants.

"The variant strains are stronger than what we were experiencing a year ago," the Response Team notes. "The variants are spreading faster and are more contagious."

The team adds: "There have been recent local break through cases, also occurring worldwide, that are concerning.

The tribe has not reached 70-percent vaccination rate for those 12 and older, leaving children under 12 more vulnerable, especially with the more serious variants.

The draft Annual Health Report shows Covid-19 was the leading cause of death for 2020.

This requires us to increase our prevention efforts and make some serious decisions to keep our community safe per Tribal Council resolution No. 12,697.

Revised protocols

 Effective immediately, on a daily basis random testing will be conducted.

Human Resource will submit names to general managers, directors and supervisors, who will contact the employee. The employee is then referred to IHS for random testing. This is for all employees, vaccinated and non-vaccinated. The Covid-19 Response Team will work with IHS staff to set up a system for how to schedule.

· Vaccinated employees must produce a copy of their vaccination, and general managers and directors must keep a copy on file.

General managers, directors and supervisors must keep a list of those not vaccinated and provide a list to Human Resources.

• Nonvaccinated employees will be required to take a Covid-19 test weekly with documentation proving they are covid free.

If the employee gets fully vaccinated, then he or she needs to give a copy of proof to his or her general manager or director. The employee will then be placed on the random tested list.

· Masks are now required for

all to wear inside public buildings.

• If a person is at his or her own workspace, he or she does not need to wear a mask; however, if others enter and six-feet distance cannot be maintained, a

mask is required.

• Temperatures needs to be taken when entering any building, and a daily log kept on file so contact tracers can access if neces-

• Community events need to be approved by the Covid-19 Response Team.

Masks are required for inside events, and social distancing is recommended.

If the event is held outside, social distancing is recommended and those more vulnerable or with underlying conditions should wear masks.

See COVID SAFETY on 2

Warm Springs Police are asking for information in the investigation into vandalism of the historic Seekseequa Church. The incident apparently happened in early August. A black pickup truck with a non-Native driver was reported to have been seen at the site around the time of the incident.

The Seekseequa Presbyterian Church is a recognized tribal historical and archaeological resource. Built in the 1880s, the church was in service into the 1930s. The building contains much tribal history. For instance: In the early days Charlie Wewa would translate the sermons into Paiute, while Elijah Miller would translate into Wasco. Anyone with information about who may have vandalized the structure, please contact the Warm Springs Police Department, 541-553-1171.

Garbage pick-up trucks down, service temporarily interrupted

Warm Springs Sanitation informs the community that, recently, both of the garbage trucks and back-up garbage trucks were down. Garbage service had to temporarily suspended.

During times when the pick-up service is temporarily down, Sanitation asks for residents to not pile garbage around their tote, as this will tempt animals to scatter litter and attract critters that can be harmful to the household.

If the totes are full, or have more garbage, residents can take their bagged garbage to the landfill bins. Checking on our neighbors, and elderly and disabled family is always appreciated by all.

Sanitation apologizes for the inconvenience; however, this could not be avoided. The situation may be resolved by the end of the week. *Thank you so much for helping.* **W.S. Sanitation.**

Work on admin main doors Thursday

This Thursday, August 12, the main doors at the administration building, by the Tribal Council area, will be closed.

A crew will be working on upgrading and installing a touchless

system for the main doors. The work is estimated to take all day, from 7:30 a.m. to 4:30 p.m., August 12. On that day, visitors are asked to use the doors by Human Resources

Curriculum redesign at Bridges High School

For years now the Bridges High School—a Career and Technical Education high school of the 509-J district— has been a great alternative for students wanting to graduate.

The district now plans to build on this success

The Jefferson County School District is building upon the Bridges successes, planning a redesign of the school.

The purpose of this redesign is to give students the opportunity to get more hands on, real world education steeped in opportunities.

"Bridges will provide numerous opportunities to students so they can engage in thematic learning that will have real world application, smaller classes, flexible scheduling, and hands on learning," reads a recent district letter to familes."

Any 509-J district junior or senior looking for an alternative choice can apply to attend Bridges High School. Applications to attend Bridges this fall are available very soon.

In the redesign, Bridges is growing its teaching staff: In years past, the school has had two direct instruction teachers while the rest is online learning. Starting in the fall, Bridges will increase the teaching staff to better serve the needs of

students. There will be a mixture of both online and in-person classes offered to students.

"We are looking to shift towards a more student-centered approach that prepares students for life after high school at Bridges without also abandoning who we've been," said Principal Jay Weeks.

"Students have left our school feeling accomplished and proud of what they've done over the course of their high school career," Principal Weeks said.

In addition to the increased alternative education opportunities, Bridges will also still be offering credit recovery opportunities. This can help students learn at their own pace and prepare them for a successful life post high school.

"The students at Bridges are what make it an amazing place to work and learn," said Bridges Counselor Seth Burke. "The district is excited to serve students more opportunities to flourish in life.

"When students leave here, they are built up, they're experiencing that positive environment and culture and they have that hope.

"When they have that hope they're able to dream, and when they're able to dream, then they can dare to dream, and dream to ----d"

Jefferson County School District also offers a robust Career and Technical Education program at Madras High School, with courses in Agriculture Sciences, Business Construction Technology, Graphics Technology Health Sciences, Manufacturing Technology, Natural Resources and Early Childhood Education.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed:

- Tolerance—meaning you might need to take more of a medication for the
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Donroccion
- Depression

 Low levels of testosterone that can
- result in lower sex drive, energy, and strength
- Itching and sweating

receiving prescription opioids long term in a primary care setting struggles with addiction.

Covid safety -

(from page 1)

If food is served it needs to be takeout, or a limited amount of people serving, depending on number of those attending; and use of paper and plastic throw away products. Servers must wear a mask and wear gloves. No serving yourself.

- · Buildings no longer will be closed when there is an exposure. Each case will be reviewed and evaluated separately and sections will be sanitized.
- Those who use tribal vehicles or their personal vehicle as part of their job, and have passengers, then masks are required at all times. If alone no need to wear a mask.
- · All who travel out of the area for work need to be vaccinated. All requests will be reviewed individually by general managers and directors for approval, then forwarded to Secretary-Treasurer. If travel is out of state, upon return and employee shows no symptoms, he or she can return to work but needs

to be covid tested within five days of return.

· Community members, non-employees and those who travel out of state for personal reasons or vacation are recommended to test within five days of return for community safety.

On the Tribal Council August agenda

The following are some of the items on the Tribal Council agenda for the rest of August (subject to change at Council discretion):

Thursday-Friday, August 12 and 13: U.S. vs. Oregon meeting.

Monday, August 16

9 a.m.: Secretary-Treasurer update.

9:30: September agenda and review minutes with the

10: AKANA funding assistance proposal with Said Amali, Bruce Irwin and Louie Pitt.

11: Legislative update calls, federal and state.

11: Covid-19 update.

1:30 p.m.: Enrollments with Lucille Suppach-Samson, Vital Statistics.

2:30: Reserved treaty rights land project update with Brad Donahue and Antone Moody.

3:30 Blue Stone strategy proposal with John Mooers.

Tuesday, August 17

9 a.m.: Purchasing update with Libby Chase.

9:30: Human Resources update with Cheryl Tom.

10: Governmental Affairs update with Louie Pitt.

10:30: Finance update with the Secretary-Treasurer.

11: Administrative Services update with the S-T.

1:30 p.m.: Education update with Valerie Switzler.

2: Human Services update with Caroline Cruz.

3: Natural Resources update with Robert Brunoe. 4: Public Safety update with Nancy Seyler.

Wednesday, August 18

9 a.m.: Public Utilities update with Chico Holliday.

10: Tribal Court update with Lisa Lomas.

10:30: Cannabis Commis-

sion update with Ronald Roome. 1:30 p.m.: Gaming Com-

2: Tribal Employment

mission update with Sandra

Rights Office (TERO) up-

date with Lupe Katchia.

2:30: Veterans Office update with Frankie Williams.

Thursday-Friday, August 26-27: Columbia River Inter-Tribal Fish Commission meeting.

Items for further consideration: Affiliated Tribes of Northwest Indians meeting in September.

National Congress of American Indians meeting in October. National Tribal Health Conference, virtual, in October. District meetings and General Council meet-

tact Jillisa or Jennifer at: jillisa.suppah@wstribes.org jennifer.russell@wstribes.org

Spay, neuter

A pet spay and neuter clinic is planned for Warm Springs in October.

The clinic is being organized by Stef McCargar, Fences For Fido vet care coordinator for Central Oregon.

You can learn more about the organization at the Fences For Fido Facebook page.

Health note

The plantar fascia is a band of connective tissue that connects from the heel to the bones in the foot. It is very important for normal biomechanics, arch support, and shock absorption.

Plantar fasciitis, a common cause of heel pain, is caused by breakdown of the collagen in the plantar fascia. This can occur in people of all ages.

Common symptoms include heel pain that is worse with the first few steps in the morning and tenderness to pressure on the area when the heel connects to the arch. Risk factors include over pronation (flattening of the arch), obesity, tight calf muscles, diabetes mellitus, non supportive footwear, or sudden increases in activity level such as running or walking.

Conservative treatment is the first line of defense against plantar fasciitis. Here are a few places to start:

Wear supportive footwear rather than sandals or bare feet

Increase walking and running programs gradually rather than suddenly.

Stretch the calves daily.

Stretch the plantar fascia

daily.

Massage the calves and arches of the feet.

Strengthen the calf and

foot muscles.

If you do not get relief from consistent practice of these simple remedies, it is best to consult your podiatrist or physical therapist for

a thorough evaluation and

treatment plan.

If you have further questions about plantar fasciitis, please reach out to the Physical Therapy team at Warm Springs Holistic Health for more information. Best Regards,

Alicia Oberholzer, Warm Springs Holistic Health.

Museum Huckleberry Harvest honors Indigenous storytellers

The Museum at Warm Springs this year is celebrating the Huckleberry Harvest with two events in Portland.

The Huckleberry Harvest Honor Dinner happens on Friday, August 27 from 6:30 to 9:30 p.m. in the Kridel Ballroom at the Portland Art Museum.

The Honor Dinner, including a silent auction, raises funds for the museum. Proceeds from the event make it possible for the museum to continue sharing and preserving the tribes' culture, history and art.

This year's honorees are Joy Harjo, U.S. Poet Laureate; and George W. Aguilar Sr., elder, and winner of the 2006 Oregon Book Award for When the River Ran Wild! Indian Traditions on the Mid-Columbia and the Warm Springs Reservation.

The Honor Dinner also recognizes the Siletz Tribal

Arts and Heritage Society— Huu-cha~n—A good way of life, the good life. The society's mission is to support and promote the practice, conservation, and restoration of the tribal cultures of the Confederated Tribes of Siletz Indians.

For the dinner the single price of event tickets is \$225. Four levels of table benefits are available: \$15,000 (Eagle and Condor Level); \$10,000 (Black Bear Level); \$5,000 (Cougar Level) and \$2,500 (Sea Otter Level).

"Guests are given an opportunity to be immersed in the beauty and culture of the Warm Springs Tribes," says museum director Elizabeth A. Woody. "Traitional foods, music and art make this a unique and truly memorable event."

The Saturday after the Honor Dinner, August 28, will be *Morning with the*

Laureates—Living the Power of the Word: Four Indigenous Poet-Storytellers. This will be form 10 a.m. to noon at the Oregon Historical Society. The Indigenous poet-storytellers will include:

Joy Harjo, of the Mvskoke-Creek Nation; Rena Priest, (Lhaq'temish—Lummi Nation), Washington State Poet Laureate; Anis Mojgani, Oregon Poet Laureate, of African American and Iranian descent; and Elizabeth Woody, Warm Springs, Yakama Nation/Navajo Nation, former Oregon Poet Laureate.

"With the power of the word, and the ability to carry it across generations through song, prayer, utterance and the Ancestors' determination, we have our present-day Indigenous Literatures," Ms. Woody says. "Everyone has a song or a story—but more important is the challenge to pass on these songs and sto-

ries to the next generations."

"This exciting and timely program brings together four award-winning poet-storytellers with a focus on Native literature—past, present and future," Ms. Woody says.

"We envision this as an inspiring, once-in-a-lifetime event; and we are also extending a special invitation to youth who are interested in Indigenous literature to attend."

Individual event tickets

are \$25. There are two levels of sponsorship: \$5,000 (Laureate Level) and \$2,500 (Storyteller Level).

To register for the Honor dinner, visit: https://bit.ly/3yu9jNT

To register for "Morning with the Laureates," visit: https://bit.ly/2TXoJLm

For more information about both events and table and sponsor benefits: maws@museumatwarm springs.org

Or call 541-553-3331.

Summaries of Tribal Council

August 2, 2021

The meeting was called to order at 9 a.m. by Chairman Raymond Tsumpti Sr. Roll call: Glendon Smith, Vice Chair Brigette McConville, Anita Jackson, Raymond (Captain) Moody, Lincoln Jay Suppah, Chief Joseph Moses, Wilson Wewa Jr., Chief Delvis Heath. Minnie Yahtin, Recorder.

The Confederated Tribes' Covid-19 Response Team provided the latest case demographics regarding the incidence of covid among the tribal community, as of August 4. On that date there were five active Covid-19 cases on the reservation—four among unvaccinated people, and one breakthrough. Cumulative cases as of that date, since the pandemic began last spring, was at 890. There have been 13 breakthoughs—covid cases among people who were fully vaccinated. On August 4, there were two people among the tribal community hospitalized with Covid; age range 22-84.

~ In Memorium ~ Charles 'Shadow Walks' Tailfeathers - 1943-2020

Charles 'ShadowWalks' Tailfeathers was born February 1, 1943, and passed away August 15, 2020.

Charlie was Blackfoot Cree. He was raised by grandparents Mr. and Mrs. Windy Boy in the traditional ways of the Cree Band in Rocky Boy, Montana.

Charlie met and married Nancy Ann Queahpama in November, 1974. He and his wife had the one idealistic thing in common: They loved the song and dance of Indian gatherings, powwows.

Charlie made his home on the Queahpama Ranch in Simnasho. He was a husband, father, grandfather, uncle andor brother to many. Charlie graduated from Chiloco Indian Boarding School. He later earned a Bachelor's Degree of Applied Science from Lane Community College in Eugene.

He worked for the court system in Warm Springs, Victims of Crime for elders and

juveniles, bringing families together. He incorporated cultural values into everything he did, as he knew our culture held all the answers he needed.

After retirement he joined the National Wellness Institute, Cultural based program, becoming an inspirational speaker, trainer and role model.

His knowledge of traditional ways inspired many people across Indian Country, at home and at workshops, to appreciate life. He became an ambassador for Native people, touring in many coun-

tries with the American Dance theatre.

Charlie was also very active in powwow circles, with flag carrying, prayer, whistle carrier, feather pick-up, etc. He also loved arts and crafts.

He was a Vietnam Veteran, and helped the Cougar Greene American Legion with Highway Memorial signs, welcomed the Korean Consulate and military dignitaries, sharing the esteem we have for warriors.

Charlie is loved by family, friends, and extended families. We are forever thankful for sharing your life with us.

Loving remembrance, The Tailfeathers and Family.

~ Lara Ike ~ 1956-2021 ~

Frederick Ike Jr 'Bi'Puxat-Iwinashat' was born July 31,1956 to Indian residential school survivors Chief Frederick Ike Sr. and to Daisv 'Tal-Li-wah' Ike.

Fred by age of 11 helped take care of siblings to keep them out of the government system. Brothers, Lucas and Tyrone (Dereck Tasympt); and sisters Lena, Lavena (Lovie) and

Fred was proceeded in death by Ivan, Dena, TC (Tom Cody) and both parents, Fred Ike Sr. and Daisy Ike.

While taking his siblings out across Indian Country, Fred met his wife Patricia Umtuch (Ike). They were married on March 16, 1974. Fred and Pat had three daughters, Lara, Dawn and Felicia with one grandchild,

Throughout the years they were constant travelling across Indian Country. Their extensive family grew after Fred helped his mother-in-law Hazel Umtuch with the Tiinowit Powwow held each year. Fred would help the surrounding tribes when they asked for help with the commu-

Grand Ronde was both Fred's and his wife Patricia's favorite tribe to assist each year. Fred was known for singing with many drum groups who became brothers or sons. Blackstone, Blacklodge, Whitefish Juniors, Stoney Park, and many more.

Fred was a descendant of the Yakama Nation. Originally enrolled as Yakama, he then later on enrolled as Wasco with the Warm Springs tribe.

For over 43 years, Fred worked with the Yakama Nation Forestry as an engineer for road construction and timber sales.

In August 2010, Fred and his children lost a wife and mother to breast cancer.

Later Fred met his companion Melissa (Arlea) Meninick. He gained another daughter, Dolores Moore.

His passing is of great impact and loss throughout Indian Country.

Funeral Services were held at Zillah Funeral Home, Services followed at the Toppenish Creek Longhouse in White Swan. Burial was the next day on Thursday sunrise.

The family would like to give thanks to:

Ghostbuster crew for accommodating the final resting place along with our mother Patricia.

The cooks of the White Swan Toppenish Creek Longhouse, constantly on their feet prepping last meals.

The hunters, Levi Piel and Robert Farmer, along with those who helped assist them. The sewers, Elenore Davis The dancers helping make way for his journey. The Dressers, Abraham Schuster and Larry Dick

We especially appreciate and give thanks to the beautiful songs from the singers of the Rock Creek Longhouse and Toppenish Creek Longhouse. It was very understanding and accommodating from both longhouses.

Our Dad grew up from the Rock Creek Longhouse then towards the end our Dad would help Toppenish Creek Longhouse, helping as a singer and food gatherer.

Hope everyone got home

Attaawiishamash

Ike daughters, Lara, Dawn and Felicia. Grand daughter, Iylani.

Community notes...

The Warm Springs Back to School Barbecue and supplies giveaway is set for Thursday, September 2 at the Academy.

The Warm Springs Credit Enterprise is not accepting personal loan applications. Exceptions are for a funeral or medical emergency. This is in effect until further notices.

Memorial & **Stone Setting**

A Memorial and Stone Setting for Sybil 'Dibbs' Queahpama will be on Saturday, August 28. The Stone Setting will be at 8 a.m. at the Toppenish Creek Cemetery, White Swan. Memorial, Giveaway and Dinner will follow at the Toppenish Creek Long House, White Swan.

All who missed her funeral because of the virus, please come and attend. We could all get together and remember our Sis, Mom, Grandma and

Cleda Peterson and Snoball, Alley Queahpama, Marvin Martinez and Angela Martinez.

August 9, 2021

The meeting was called to order at 9:13 by Chairman Raymond Tsumpti Sr. Roll call: Chief Delvis Heath, Glendon Smith, Anita Iackson, Chief Alfred Smith Jr., Wilson Wewa Jr., Raymond (Captain) Moody, Chief Joseph Moses, Vice Chair Brigette McConville. Minnie Yahtin, Recorder.

Additionally, program information may be made available in languages other than English.

Tribes approve 2021-2022 hunting seasons

Tribal Council has approved the off-reservation hunting regulations, as recommended by the Branch of Natural Resources-Wildlife. Please login to tribal website: hunting warmsprings-nsn.gov

Or order by email: wildlife.tags@ctwsbnr.org

Or phone 541-553-2001. For permits requested by phone, come by Natural Resources office to pick up your permits and regula-

tions

Please take advantage of offreservation hunting tags. These opportunities take hunting pressure off the reservation due to fire closures, which help improve wildlife populations.

Please make sure off reservation hunting takes place on public (unclaimed) lands. It is the hunter's responsibility to know where you are hunting, where you are allowed to hunt, what weapons are allowed to use, and what the bag limit is.

For questions regarding hunting please contact the Natural Resources Department at 541-553-2001.

Off reservation hunting is designated for off-reservation (unclaimed) public lands. Illegally harvesting wildlife on the reservation using off-reservation tags, or harvesting the wrong sex, can have great long-term negative impacts to the tribes' wildlife populations.

Overharvesting wildlife and illegally harvesting females reduces wildlife population numbers for multiple generations. Please help protect the tribes' wildlife resources by reporting poaching violations to 541-553-2033 or 541-553-1171.

There is mandatory reporting of all hunter harvest. Failure to report harvest results for off-reservation and reservation hunts will result in a loss of hunting privileges for subsequent tags. Please be honst with your hunter reporting. If you are issued a tag, you have the right to hunt and harvest an animal. Harvest and hunting information is important for the wildlife department in determining wildlife population sizes, herd compositions and hunting pressure.

In addition, this information helps us determine where there are and are not animals, which helps focus our habitat restoration efforts on the reservation. Your continued support and participation with hunter reporting is greatly appreciated.

Thank you for your participation!
CTWS Branch of Natural
Resources.

Post wildfire stabilization, rehabilitation on reservation

From the CTWS Branch of Natural Resources

Wildfires can cause complex problems. Severe loss of vegetation, soil erosion, a decrease in water quality and even flash flooding can occur after some wildfires.

After a wildfire is lined and mopped up there is still a lot of work to be accomplished.

In 2020 the Lionshead Fire burned over 96,000 acres on the reservation. Crews and heavy equipment set to work on clean up, repair, stabilization and rehabilitation as soon as the flames died down.

Suppression repair plan

There are typically two plans developed as a large wildfire winds down to help the burned area recover.

The first plan is the suppression repair plan. This plan is intended to repair damage done by the suppression or firefighting efforts not from the fire itself.

The goal is to implement this plan in the first year after the fire. Much of this work on the Lionshead Fire was completed while crews and other resources were still assigned to the fire last year.

Crews backhauled the miles of hose used to mop up the fire, cleaned up garbage from the summer's efforts, chipped slash along roadsides from small trees and brush cut from the path of the fire and graded the roads that were used for weeks by heavy fire equip-

The Lionshead Fire suppression repair plan was approved to spend up to \$864,314 to address the resource concerns listed.

Two of the biggest suppression repair efforts are rehabbing dozer lines and fixing the roads.

More than 45 miles of dozer and hand line were dug to aid in stopping the fire. These lines need to be rehabbed after the fire by hand crews and excavators by spreading out the soil, scattering brush over top and creating water bars to slow down any water running over the area.

Gravel is placed in spots along roads that were impacted by the heavy traffic during the fire.

The Burned Area **Emergency Response**

The second plan is called the BAER Plan, which stands for Burned Area Emergency Response Plan.

BAER address post-fire emergency stabilization and other post-wildfire problems in order to protect public safety and prevent further degradation of natural and cultural resources.

After a severe fire a team of professionals, typically including specialists in soils, hydrology, wildlife, fisheries, range, forestry and archaeology, rapidly assess the fire's effects.

The BAER team performs emergency stabilization actions within one year of wildfire containment.

These actions are in-

tended to stabilize and prevent unacceptable degradation to natural and cultural resources, minimize threats to life or property resulting from the effects of a fire, or to repair, replace, or construct physical improvements necessary to prevent degradation of land or re-

Funding of \$364,193 for emergency stabilization for the Lionshead Fire was approved and is being implemented this year. BAER Plans also address rehabilitation (BAR) efforts, which signal the beginning of restoration efforts.

sources.

BAR begins within five years of a wildfire containment in order to repair or improve firedamaged lands that are unlikely to naturally recover to management approved con-

BAR actions are also taken as an effort to repair or replace minor facilities damaged by fire.

Reforestation work across the areas most severely burned in the Lionshead Fire will occur under BAR. Final approval for BAR funding is pending and should be allocated by October 1 this year.

If you have questions about ongoing wildfire rehabilitation you can contact Brad Donahue, Assistant Fire Management Officer -Fuels, at 541-553-8301; or Vernon Wolf, Forest Manager, at 541-553-8227.
